Dear Senator John W Fontana:

I, Jennifer Sola, am writing this letter to request that the Children's Trust Fund doesn't get closed down because of the benefits that they offer to many families in need. I have been involved with the Nurturing Families Network since Jan. of '08 and they've helped me in many ways. I'm a single mother really struggling and the program helps me by bringing my 7 month old son diapers when he needs them. They also accompany me to appointments. My home-visitor and I meet once a week and she teaches me about the developmental stages of my son. I hope you take this into consideration and allow the programs to continue helping the families.

Sincerely,
Jennifer Sola
