Subject: Urgent: H.B. No. 5318 and H.B. No. 5425

Please help !
We need your help for the following:
1. Please support H.B. No. 5318 concerning school resource officers, and

2. Please delete Section 3 of H.B. No 5425 which places the burden of proof on parents of students requiring special education. What will happen to those children whose parents with limited means of income. We owe it to every child to ensure they have the best education. It is especially scary in this economic environment. Please dont let those children suffer because their parents dont have the funds to fight.

Thank you,
