My name is Maria Zayas, I am the supervisor of the Nurturing Families Network program at Families in Crisis, Inc. in Hartford. Please vote against eliminating the Nurturing Families Network community-based sites as proposed in the Governor's budget (page 357 under cuts to DSS). Enclosed are several letters written by program participants in support of maintaining the Hartford and New Haven Nurturing Families Network sites.

Thank you for considering our concerns. Please contact me at any time with your questions or comments.
