Dear Legislator,

My name is Pauline Blais and I live at

Plainfield Pike in Sterling, CT.

I am in support of SB 1090 AN ACT CONCERNING GAMING. Casinos are a good source of revenue for the state. With the opening of MGM Casino in Springfield, Massachusetts, our state of Connecticut runs the risk of losing millions of tourism and gambling revenue dollars. By building a casino on the I-91 corridor north of Hartford, our state preempts competition from MGM. In addition, the building of these casinos provides much needed jobs to those in the construction, tourism and hospitality industries. Please support job creation and tourism and support SB 1090.

Thank you,

Pauline Blais
