
Dear Senator John W. Fonfara;

I feel that the Children's Trust Fund is highly needed for many programs. It helps many parents get things they can't afford. It helps programs educate us on how to help our children grow strong and healthy. We have individual visitors weekly to improve our children's developements. Without their help and Children's Trust Fund, us parents and first time parents wouldn't get all the help we need.

Sincerely,
Keishalyn Santos
