Senator Cassano,

The minimum wage in CT has not risen in 4 years. Raising the minimum wage is the right thing to do in these hard times. It will benefit us all in the long run. To make people more independent is to make them less dependent on state aid. The cost of everything is increasing and CT has one of the highest costs of living! Ten other states have raised their minimum wage this year.

Senator, please support the bill to raise the minimum wage.
