Re: committee Bill 5144

Dear Senator Fonfara,

This letter is to inform about how the Nurturing Families Network Home Visiting program is important to me and my daughter. It has helped me in many ways like, doing Ages and Stages Questionnaire because it tells me where my child is developmentally. The program also gives me resources for my child. They also help me with diapers, and clothes, toys and books. Please dont close the Childrens Trust fund.

Thanks

Lisa [illegible]
