Re: COMMITTEE BILL 5144

Dear Senator Fonfara,

This letter concerns the Nurturing Families Program. I am the mother of a 7 month old baby and I'm currently attending this program. This program helped me get all the required information for me and my baby. I get a lot of help from the Nurturing Families Program as well as their staff. As a young parent many opertunities are not offered to us but this is an excellent help. It would be very disapointing to see this program end or move to a different organization. Please remember all of the children this program is helping.

Sincerly,

Yeilene Ruiz
