House Joint Resolution No. 62 Resolution Proposing A Constitutional Amendment To Require Certain Moneys To Be Deposited In The Special Transportation Fund And To Limit The Use Of Moneys In Said Fund.

Raised Bill No. 937 An Act Requiring All Moneys Directed To The Special Transportation Fund To Be Deposited In Said Fund, And All Expenditures From Said Fund To Be For Transportation Purposes.

All other proposals on this Agenda providing for protection of transportation funding.

February 25, 2015

Public Hearing, Committee on Transportation

Co-Chairs and Honorable Members of the Transportation Committee. My company **supports** the above-referenced measures that would ensure that transportation related revenues would be deposited into the Special Transportation Fund, and the revenues in the STF would be used for transportation purposes.

Being a Connecticut business, we are well-aware how Connecticut's aging and inadequate transportation systems are becoming an impediment to my business, my employees' ability to get to work, and our general quality of life. From my perspective, Connecticut's transportation problems are hampering economic development, and interfering the quality of life across the state.

Ensuring that transportation revenues will be dedicated to transportation investments is an important step to ensuring the state's ability to deliver much needed improvements across all modes of transportation. The state needs to protect transportation funding now more than ever.

Respectfully submitted:

Brian Anstotz
