2/17/10

Honorable Propriations Commitee,

I am Kenneth Cortavarria & over the 2009 Summer I Participated in the Capital Workforce Program. I feel that Governor Rell should continue funding this Program. This Program should continue to be funded because I learned a lot from the Prosram. It not only helped me, I know it helped a lot of other kids too. I learned how to write a resume, create a cover letter, work as a team, etc. This Prosram teaches you a lot of skills you otherwise wouldn't learn in a classroom setting. This Prosram had Paper work, time sheets, & hands on activities, where we went to work Places & talked to the managers & they gave us advice. Governor Rell should continue funding this Prosram because it will help lots of teens to find a job & learn to work with one another. Thank you for your
