Attention Attorney Jim O'Keefe
Susan Smith Said, to fax to you
for your approval and then
Send to Representative Bye. Thankyou
Dear M. Fogarty

S473 Pg. 1.

Dear Rep. Bye,

My name is Dennis M. Fogarty and I was a victim of Dr. George Reardon.

He abused me from March of 1965 to October of 1970.

He took photographs and film of me, my brother and sister as well as the physical sexual abuse.

Since no one believed me then I have had to live a life of torment ever since.

I have never held a steady job, finished school, kept friends or held on to my family.

I have been hospitalized more times than I can count, homeless, become addicted to alcohol, drugs ect.

And that is only the surface issues I have had to deal with for over forty years.

I want to thankyou, the Senator and anyother Rep. and or Senator who is working on this issue.

next page.

Ps. 2.

There should be no statute of limitation wether civil or criminal for that matter when there is clear and compelling evidence of the crime as exists on film, photographs or other forms of evidence regardless of the time frame of its discovery.

That is my feeling on your proposed legislation.

Again thank you, your staff, the committee, and all who are working on this, who care about children and who care about those of us who went through what Dr. Reardon did to us.

Very sincerely,

Dennis M. Fogarty
