To: whome it may concern,

I Hendyliz Marrero am a mom thats ben with the Nurturing Program. And I think it is a good Program especialy for young moms and first time moms. I think it is a big help for us to have them work with us moms. They teach us things to prepare for our young ones. Ive learned so many things for the time being Ive ben in the program. So these are the reasons why I think they should stay open.

Sincerily,
Hendyliz marrero
