### The Connecticut State Budget Revisions for FY 09

#### ***FY 09 Budget Overview***

The original biennial State Budget, as approved by the 2007 General Assembly for FY 09 (the second year of the 2007-2009 biennium), was \$18.41 billion. The 2008 session of the General Assembly revised the FY 09 budget by increasing the FY 09 appropriation by \$30.99 million, resulting in a budgeted \$18.44 billion. The session did not produce a comprehensive revision to the second year of the biennial budget as has historically occurred. PA 08-51 contributed to an increase in appropriation to the General Fund of \$9.99 million and PA 08-176 resulted in a Banking Fund increase of \$21 million. The following table shows the original and revised appropriation by fund and the amount by which total appropriations are under the spending cap for all appropriated funds.

Fund	Net FY 09 Original Appropriation	Net FY 09 Revised Appropriation	Difference
General Fund	17,073,023,475	17,083,019,475	9,996,000

**Budget Growth Rate**

The following table shows that the budget growth rate for all appropriated funds is 5.5% for FY 09, which includes the expenditure of FY 07 surplus funds in both FY 08 and FY 09.

**Spending Cap**

The amount by which total appropriations are under the spending cap is based on appropriations for the ten appropriated funds. While there were no major budget revisions, there was a significant change in the five-year average growth in personal income. The original FY 09 growth rate was 3.3% while the revised growth rate is 4.6 %. There were also minor appropriations that amounted to \$30.9 million, placing the revised calculation at \$79.6 million under the spending cap.

### ***Budget Reserve (Rainy Day) Fund***

General Fund surpluses occurred in the following fiscal years: \$302.2 million in FY 04; \$363.9 million in FY 05; \$446.5 million in FY 06; and \$269.2 million in FY 07, each contributing toward a total Budget Reserve Fund (BRF) balance of \$1,381.8 million (which represents 80.9% of full BRF capacity). At this time, it is uncertain as to whether any anticipated FY 08 surplus will remain unappropriated and be transferred to the BRF. The Budget Reserve (Rainy Day) Fund had been depleted when its prior \$594.7 million balance was used to partially cover the \$817.1 million deficit in FY 02. The maximum allowable in the Budget Reserve Fund is 10% of the amount of the net General Fund appropriations for the fiscal year in progress. With net General Fund appropriations for FY 09 totaling \$17,083 million, the maximum allowable in the Budget Reserve Fund is \$1,708.3 million or \$326.5 million more than currently deposited.

### ***FY 08 Deficiencies***

SA 08-1 of the June Special Session reduces FY 08 General Fund appropriations by \$42,870,617 and makes FY 08 General Fund deficiency appropriations of \$41,470,000. The amount of reductions to appropriations exceed the amount of deficiency appropriations contained in the bill by \$1,400,617 in order to stay below the spending cap, as it corrects for the capped uses of un-capped appropriations.

**University of Connecticut FY 08 Deficiency Amount \$21,900,000** - General Fund support for the University of Connecticut Health Center (UCHC) is limited to a block grant for the educational portion of the Health Center's budget. However, the UCHC is experiencing a significant overall deficit, primarily due to structural financial problems at the John Dempsey Hospital. The Hospital deficiency is primarily due to under-reimbursement for neonatal, maternity and psychiatric beds.

**Department of Correction FY 08 Deficiency Amount \$18,320,000** - The Department of Correction has a projected net deficiency of \$18.32 million, which represents 2.8% of its FY 08 appropriation of \$662.8 million. This assumes that a Personal Services holdback of \$3,178,318 and an Other Expenses holdback of \$1,800,144 are released.

The \$18.32 million deficiency occurs in the area of Personal Services, as the June FAC, 2008-37, transferred funds from Personal Services (\$12.7 million), the Board of Pardons and Paroles (\$525,000), and the Mental Health Alternative to Incarceration (\$325,000), to Other Expenses (\$8.8 million), Community Support Services (\$425,000), and Inmate Medical Services (\$4.32 million), to eliminate the deficiency in those areas.

The majority of the Personal Services deficiency is due to staffing and overtime costs associated with supervising an increasing inmate population. The current offender population of approximately 19,700 is 500 inmates more than FY 07 averages. The rest of the shortfall relates to the additional requirements in Personal Services as a result of the June FAC. The shortfalls in other accounts that required the FAC transfer are described below.

## 8 - Appropriations

The shortfall in Other Expenses was driven by operational demands on food, clothing, bedding, and other related living supplies associated with an increasing offender population. Additionally, the Other Expenses deficiency is related to increased electricity costs, representing double-digit inflationary increases. The Other Expenses deficiency assumes a transfer of \$2.5 million from the OPM Energy Contingency Account.

The shortfall in Inmate Medical Services was due to increased expenses related to the increased inmate population, John Dempsey Hospital inpatient care, and additional costs to meet consent decree and stipulated settlement agreements.

The shortfall in Community Support Services represented half year funding for the authorization to increase halfway house beds and non-residential services as a result of the initiative to expedite the community placement of non-violent offenders.

**Workers' Compensation Claims – DAS FY 08 Deficiency Amount \$1,250,000** - The Workers' Compensation Claims account has a projected net deficiency of \$1,250,000, which represents 5.6% of its FY 08 appropriation of \$22.5 million. The projected deficiency of \$1.25 million is being driven by significant increases in medical costs and indemnity costs of older claims.

The Department of Administrative Services Workers' Compensation account funds the workers' compensation claims costs for state employees in 84 agencies that do not receive a direct appropriation.

### ***Updated General Fund Budget Projections as of August 8, 2008 for the Out-Years***

Preliminary estimates indicate potential General Fund current services budget gaps of \$726.6 million in FY 10, \$1,040.4 million in FY 11 and \$830.9 million in FY 12. Limiting appropriations to the levels allowed by the spending cap will lower the gaps in each of these fiscal years but must be calculated on an All Appropriated Funds basis and cannot be calculated accurately for the General Fund alone.

These gaps are largely attributable to:

- the ongoing impact of \$210 million in FY 09 Teachers' Retirement expenditures from FY 07 anticipated surplus that will need to be restored to FY 10 appropriations;
- \$80 million one-time revenues provided in FY 09 from FY 07 anticipated surplus and a \$16 million revenue transfer from FY 08 to FY 09 that are no longer available in FY 10;
- increased debt service costs related to the issuance of \$2 billion in pension obligation bonds to fund a portion of the shortfall in the Teachers' Retirement Fund;
- Generally Accepted Accounting Principles (GAAP) funding requirements statutorily scheduled to begin in FY 10 that will cost \$55.4 million initially and annualize to \$121.7 million in each of the following 15 fiscal years;
- \$133 million in funding required for the 27<sup>th</sup> state employee payroll, which will occur in FY 11; and
- anticipated slower rate of revenue growth compared with expenditure growth.

**Summary of Acts Appropriating Funds**

**Public Act 08-1** of the January Special Session, "**AAC Criminal Justice Reform**," created the crime of home invasion, increased various penalties for burglary crimes, made various systemic criminal justice changes and carried forward FY 08 funds totaling \$17.4 million<sup>1</sup> into FY 09 and transferred these funds to various state agencies in order to implement provisions of the act.

**Public Act 08-51**, "**AAC Persistent Dangerous Felony Offenders and Providing Additional Resources to the Criminal Justice System**," directly appropriated \$10.0 million in FY 09 to state agencies to increase resources for various criminal justice initiatives.

A summary of the funding provided by these public acts appears below (further programmatic detail on these initiatives can be found in Appendix A).

**PA 08-176, "AAC Responsible Lending,"** appropriates \$21 million from the Banking Fund to support various initiatives for homeowners in danger of foreclosure. The act authorizes the Connecticut Housing Finance Authority (CHFA) to redirect the use of the proceeds of existing bond funds to support the Homeowner's Equity Recovery Opportunity (HERO) program (\$30 million), and the CT Families program (\$40 million). The act appropriates \$14 million to CHFA for the Emergency Mortgage Assistance Program (EMAP), and \$2.5 million to the Treasurer's office to pay the debt service on \$50 million in CHFA bonds for EMAP. The act also appropriates \$2.5 million for a Mortgage Crisis Job Training Program to be supported by the regional workforce development boards and the Department of Labor's one stop centers. The act also requires the Chief Court Administrator to establish in each judicial district a foreclosure mediation program in actions to foreclose mortgages on residential property. The act appropriates \$2 million to the Judicial Department from the Banking Fund to carry out this program. Funding is provided to support 30 positions: 12 Mediators; 12 Court Operations Assistants; and 6 Caseflow Coordinators.

FY 09 Revenue Estimates and Policy Changes

## REVENUE SUMMARY

### *FY 09 Revenue Estimates and Policy Changes*

#### Revenue Estimates

During the 2008 legislative session the Finance, Revenue, and Bonding Committee did not modify the revenue estimates adopted on June 22, 2007 in support of the FY 08- FY 09 biennial budget. Therefore, the revenue estimates published on pages 23 through 26 of last year's OFA budget book remain unchanged.

#### Revenue Changes

During the 2008 regular and special session the legislature enacted only one provision that is anticipated to impact revenue. PA 08-2 of the June Special Session eliminates the 0.5% increase in the Petroleum Gross Earnings Tax (from 7.0% to 7.5%) scheduled to occur on July 1, 2008. This is anticipated to result in: (1) a General Fund revenue loss of \$30.8 million in FY 09 and (2) a Special Transportation Fund revenue loss of \$3.9 million in FY 09.

The table shows the changes to the Petroleum Gross Earning Tax rates enacted by PA 08-2 of the June Special Session.

<b>Petroleum Gross Earning Tax Rate Schedule</b>

**GENERAL BUDGET EXPENDITURES:**

For purposes of comparability, the expenditure figures include all expenditures of the General Fund, other appropriated funds, debt service, bond retirement funds and education activities. At various times, these expenditures have been part of the Transportation Fund (1984-present), Higher Education Tuition Funds (1981-present), the Education Excellence Trust Fund (1987-1989), and the Economic Recovery Fund (ERF) deficit financing (1991-92 through 1998-99). Adjustments have been made back through 1991-92 to incorporate the former uncompensated care pool expenditures which are now reflected in the General Fund budget. The expenditures and percentage changes shown from FY 91 on have been adjusted for comparability due to structural changes in the budgets for those years. The expenditure data through FY 07 is based upon Comptroller's reports, and includes expenditures from prior year appropriations carried forward into a subsequent fiscal year. Also included are expenditures from surplus, primarily for "one-time" items. Figures for FY 08 and FY 09 contain estimates of expenditures from surplus appropriations and other carried forward appropriations.

**IMPLICIT PRICE DEFLATOR FOR STATE AND LOCAL GOVERNMENTS:**

The data is taken from the 2008 Economic Report of the President for historical data. Projections are by The Economy.com. The use of this adjustment factor eliminates growth that results from inflation and facilitates the calculation of the adjusted year to year growth rate. The increases for FY 08 and FY 09 are expected to be 5.7% and 3.4%, respectively.

## Statutory Debt Limit

CGS Section 3-21 imposes a ceiling on the total amount of General Obligation (GO) bonds the General Assembly may authorize. The limit is 1.6 times total General Fund tax receipts (net of refunds) projected by the Finance, Revenue and Bonding Committee for the fiscal year in which the bonds are authorized. The statute prohibits the General Assembly from authorizing any additional General Fund-supported debt, except what is required to meet cash flow needs or emergencies resulting from natural disasters, when the aggregate amount of outstanding debt and authorized but unissued debt exceed this amount. Certain types of debt are excluded from the statutory debt limit calculation, including debts incurred for federally reimbursable public works projects, assets in debt retirement funds, and debt incurred in anticipation of revenue and some other purposes. (Examples of excluded debt are tax incremental financing bonds, Special Transportation GO bonds, Bradley Airport revenue bonds, Clean Water Fund revenue bonds, and Connecticut Unemployment revenue bonds.)

The statute requires the Office of the State Treasurer to certify that any bill authorizing bonds does not violate the debt limit, before the General Assembly may vote on the bill. A similar certification is required before the state Bond Commission can authorize any new bonds to be issued.

CGS Sec. 2-27b requires the State Treasurer to compute the state's aggregate bonded indebtedness each January 1 and July 1 and certify this to the governor and General Assembly. If the amount reaches 90% of the ceiling amount, the governor must review each bond act for which no obligations have yet been incurred and recommend to the General Assembly priorities for repealing these authorizations. His review must at least consider the amount previously expended for the project and its remaining completion cost. These recommendations must be referred to the Finance, Revenue and Bonding Committee, which must consider them and can require information from any state official, board, agency or commission. This must be provided within 14 days. The committee must then propose whatever legislation it concludes is necessary with respect to that project.

The Certificate of State Indebtedness issued by the Office of the State Treasurer as of July 7, 2008 indicated the following:

FY 09 limit on GO bonds (1.6 x FY 09 revenue estimates)	\$20,753,760,000
FY 09 net GO bond indebtedness	\$15,384,451,514
Debt incurring margin	\$5,369,308,486
<b>FY 09 net indebtedness as a percent of debt limit</b>	<b>74.13%</b>
<b>Capacity remaining before 90% limit</b>	<b>\$3,293,932,486</b>

<b>(Revised)</b> Section 8 of PA 08-51 appropriates \$910,000 to the department in FY 09 for various jail diversion and re-entry programs. The FY 09 funding reflects nine months of support for the following: enhance coordination and monitoring of community services for individuals served by the alternative supervision and intervention support teams, provide supportive housing for individuals served in the jail diversion or re-entry programs, enhance the women's jail diversion program and fund additional clinical support to expand the capacity of the alternative drug intervention program. This reflects an increase of seven positions to the department to support the various initiatives.
