Dear Kevin,

I refer to the proposed bill to register guns.

It reminds me of my experiences in World War II with the Nazi regime.

I shed blood, sweat, tears, was frozen, went hungry and thirsty so something like this would never happen in the U.S.!

Please use your time and efforts to reduce our debt, reduce taxes, reduce spending, and reduce the size of our State government!

Also, please do not treat lawful citizens as criminals. Criminals do not obey laws.

I ask you respectfully to condemn such laws.

Sincerely,

Joseph J Roman
