430 **[**executive director**]** commissioner.

431 (e) No person or business organization may provide totalizator
432 equipment and services to any association licensee for the operation of
433 a pari-mutuel system unless such person or business organization is
434 licensed as a totalizator licensee by the **[**executive director**]**
435 commissioner.

436 (f) No business organization, other than a shareholder in a publicly
437 traded corporation, may exercise control in or over a concessionaire,
438 vendor or totalizator licensee unless such business organization is
439 licensed as an affiliate licensee by the **[**executive director**]**

440 commissioner.

441 (g) No person may participate in this state in any activity permitted
442 under this chapter as an employee of an association, concessionaire,
443 vendor, totalizator or affiliate licensee unless such person is licensed as
444 an occupational licensee by the [executive director] commissioner.
445 Whether located in or out of this state no officer, director, partner,
446 trustee or owner of a business organization which obtains a license in
447 accordance with this section may continue in such capacity unless such
448 officer, director, partner, trustee or owner is licensed as an
449 occupational licensee by the [executive director] commissioner. An
450 occupational license shall also be obtained by any shareholder, key
451 executive, agent or other person connected with any association,
452 concessionaire, vendor, totalizator or affiliate licensee, who in the
453 judgment of the [executive director] commissioner will exercise control
454 in or over any such licensee. Such person shall apply for a license not
455 later than thirty days after the [executive director] commissioner
456 requests him or her, in writing, to do so. The [executive director]
457 commissioner shall complete his or her investigation of an applicant
458 for an occupational license and notify such applicant of his or her
459 decision to approve or deny the application within one year after its
460 receipt. Such period may be extended by the board upon a showing of
461 good cause by the [executive director] commissioner, after giving the
462 applicant a reasonable opportunity for a hearing before the board.

463 (h) (1) The board shall issue affiliate of association licenses to
464 qualified business organizations. (2) The [executive director]
465 commissioner shall issue affiliate of concessionaire licenses to qualified
466 business organizations.

467 (i) In determining whether to grant a license the board or the
468 [executive director] commissioner may require the applicant to submit
469 information as to: Financial standing and credit; moral character;
470 criminal record, if any; previous employment; corporate, partnership
471 or association affiliations; ownership of personal assets; and such other
472 information as it or he or she deems pertinent to the issuance of such

473 license. The [executive director] commissioner may reject for good
474 cause an application for a license, and he or she, the deputy [executive
475 director] commissioner, the executive assistant, any unit head or any
476 assistant unit head authorized by the [executive director]
477 commissioner may suspend or revoke for good cause any license
478 issued by him or her after a hearing held in accordance with chapter
479 54. In addition, if any affiliate licensee licensed by the [executive
480 director] commissioner fails to comply with the provisions of this
481 chapter the [executive director] commissioner, after a hearing held in
482 accordance with chapter 54, may revoke or suspend the license of any
483 one or more of the following related licensees: Concessionaire, vendor
484 or totalizator, and may fine any one or more of said licensees in an
485 amount not to exceed two thousand five hundred dollars. Any licensee
486 whose license is suspended or revoked, or any applicant aggrieved by
487 the action of the [executive director] commissioner concerning an
488 application for a license may appeal not later than fifteen days after
489 such decision to the board in accordance with subsection (j) of this
490 section.

491 (j) The [executive director] commissioner, with the advice and
492 consent of the board shall adopt regulations governing the operation
493 of the off-track betting system and facilities, tracks, stables, kennels
494 and frontons, including the regulation of betting in connection
495 therewith, to insure the integrity and security of the conduct of
496 meetings and the broadcast of racing events held pursuant to this
497 chapter. Such regulations shall include provision for the imposition of
498 fines and suspension of licenses for violations thereof. Prior to the
499 adoption of any regulations concerning the treatment of animals at any
500 dog race track, the [executive director] commissioner shall notify the
501 National Greyhound Association of the contents of such regulations
502 and of its right to request a hearing pursuant to chapter 54. The board
503 shall have the authority to impose a fine of up to seventy-five
504 thousand dollars for any violation of such regulations by a licensee
505 authorized to conduct a meeting or operate the off-track betting system
506 under this section and a fine of up to five thousand dollars for any

507 violation of such regulations by any other licensee. The [executive
508 director] commissioner shall have the authority to impose a fine of up
509 to two thousand five hundred dollars for any such violation by any
510 licensee licensed by him or her and the stewards or judges of a meeting
511 acting in accordance with such regulations shall have the authority to
512 impose a fine of up to five hundred dollars for any such violation by
513 such licensee, and the players' manager of a jai alai exhibition acting in
514 accordance with such regulations shall have the authority to
515 recommend to the judges that a fine should be considered for a player
516 who may have violated such regulations. The board may delegate to
517 the stewards and judges of a meeting the power to suspend the license
518 of any occupational licensee employed in this state by an association
519 licensee for a period not to exceed sixty days for any violation of such
520 regulations. If any license is suspended, such stewards and judges of a
521 meeting shall state the reasons therefor in writing. All fines imposed
522 pursuant to this section shall be paid over to the General Fund upon
523 receipt by the [division] department. Any person or business
524 organization fined or suspended by an authority other than the board
525 or any licensee or applicant for a license aggrieved by a decision of the
526 [executive director] commissioner under subsection (i) shall have a
527 right of appeal to the board for a hearing. All hearings, other than
528 appellate hearings before the board, shall be conducted pursuant to
529 chapter 54. Any person or business organization aggrieved by a
530 decision of the board shall have a right of appeal pursuant to section 4-
531 183.

532 (k) The [executive director] commissioner shall have the power to
533 require that the books and records of any licensee, other than an
534 occupational licensee, shall be maintained in any manner which he or
535 she may deem best, and that any financial or other statements based on
536 such books and records shall be prepared in accordance with generally
537 accepted accounting principles in such form as he or she shall
538 prescribe. The [executive director] commissioner or his or her designee
539 shall also be authorized to visit, to investigate and to place expert
540 accountants and such other persons as he or she may deem necessary,

541 in the offices, tracks, frontons, off-track betting facilities or places of
542 business of any such licensee, for the purpose of satisfying himself or
543 herself that the [division's] department's regulations are strictly
544 complied with.

545 (l) The [executive director] commissioner may at any time for good
546 cause require the removal of any employee or official employed by any
547 licensee hereunder.

548 (m) The board shall have the right to reject any application for a
549 license for good cause and the action of the board as to the license and
550 the meeting dates assigned shall be final, provided any person or
551 business organization aggrieved by the action of the board concerning
552 an application for a license may appeal such decision in accordance
553 with section 4-183. The board shall, as far as practicable, avoid conflicts
554 in the dates assigned for racing or the exhibition of the game of jai alai
555 in the state. Any license granted under the provisions of this chapter is
556 a revocable privilege and no licensee shall be deemed to have acquired
557 any vested rights based on the issuance of such license. Any such
558 license shall be subject to the regulations set forth by the [executive
559 director] commissioner with the advice and consent of the board. Any
560 license issued by the board shall be subject to suspension or revocation
561 for good cause, after giving the licensee a reasonable opportunity for a
562 hearing before the board, at which he or she shall have the right to be
563 represented by counsel. In addition, if any affiliate licensee licensed by
564 the board fails to comply with the provisions of this chapter the board,
565 after a hearing held in accordance with chapter 54, may revoke or
566 suspend the license of the related association licensee and may fine the
567 related association licensee in an amount not to exceed seventy-five
568 thousand dollars or both. If any license is suspended or revoked the
569 board shall state the reasons for such suspension or revocation and
570 cause an entry of such reasons to be made on the record books of the
571 board. Any licensee aggrieved by the action of the board may appeal
572 therefrom in accordance with section 4-183.

573 (n) The appropriate licensing authority may, on its own motion or

574 upon application, exempt any person or business organization from
575 the licensing requirements of this chapter or some or all of the
576 disclosure requirements of chapter 226b, provided the applicant does
577 not exercise control in or over an integral part of any activity which is
578 authorized under this chapter. The burden of proving that an
579 exemption should be granted rests solely with the applicant. The
580 licensing authority making the determination may limit or condition
581 the terms of an exemption and such determination shall be final.

582 (o) Any person aiding or abetting in the operation of an off-track
583 betting system or the conduct of any meeting within this state at which
584 racing or the exhibition of the game of jai alai shall be permitted for
585 any stake, purse or reward, except in accordance with a license duly

592 purse or reward, shall be residents of the state of Connecticut.

593 (q) Any license granted under this section other than a license
594 issued by the board shall be effective for not more than one year from
595 the date of issuance. Initial application for and renewal of any license
596 shall be in such form and manner as the **[**executive director**]**
597 commissioner shall, by regulation adopted with the advice and
598 consent of the board, prescribe.

599 (r) Any person or business organization issued a license to conduct
600 dog racing shall establish a pet adoption program for the proper
601 housing and care of retired greyhounds and shall provide financial
602 support for such program and any facility operated to implement such
603 program.

604 (s) Any person or business organization issued a license to conduct
605 dog racing pursuant to subsection (c) of section 12-574c, as amended

606 by this act, shall employ persons who, at the time of employment, are
607 recipients of assistance under the state-administered general assistance
608 program, state supplement program, medical assistance program,
609 temporary family assistance program or supplemental nutrition
610 assistance program to fill not less than twenty per cent of the positions
611 created by the conversion of a jai alai fronton to a dog race track if such
612 persons have been trained for such employment by public or publicly
613 funded agencies in coordination with such licensee.

621 public or publicly-funded agencies in coordination with such licensee.

622 (u) Notwithstanding any other provisions of this chapter to the
623 contrary, any person or business organization issued a license to
624 conduct dog racing may operate on a year-round basis and may
625 conduct such number of performances as it may elect, provided the
626 total number of such performances does not exceed five hundred and
627 eighty performances in any calendar year.

628 Sec. 16. Section 12-574c of the general statutes is repealed and the
629 following is substituted in lieu thereof (*Effective July 1, 2011*):

649 (d) No licensee shall move any horse race track, dog race track or jai

663 such period of time as the [executive director] commissioner deems
664 necessary or advisable. The [executive director] commissioner shall

1548 open or competitive bidding, provided (A) the corporation shall first
1549 determine the format, content and scope of any agreement for any
1550 procurement of goods or services, the conditions under which bidding
1551 will take place and the schedule and stipulations for contract award,
1552 and (B) the corporation may select the contractor deemed to have
1553 submitted the most favorable bid, considering price and other factors,
1554 when, in the judgment of the corporation, such award is in the best
1555 interests of the corporation, or (2) if the corporation, in its discretion,
1556 determines that, due to the nature of the agreement to be contracted
1557 for or procured, open or public bidding is either impracticable or not in
1558 the best interests of the corporation, by negotiation with such
1559 prospective providers as the corporation may determine. The terms
1560 and conditions of agreements and the fees or other compensation to be
1561 paid to such persons shall be determined by the corporation. The
1562 agreements entered into by the corporation in accordance with the

1576 contained in titles 4a and 4b and the corresponding rules and
1577 regulations. The board shall adopt rules and procedures on
1578 purchasing, procurement and the disposition of assets applicable to the

3252 Economic Development Authority, established pursuant to section 60
3253 of this act, may form one or more subsidiaries to carry out the public
3254 purposes of the authority and may transfer to any such subsidiary any
3255 moneys and real or personal property of any kind or nature. Any such
3256 subsidiary may be organized as a stock or nonstock corporation or a
3257 limited liability company. Each such subsidiary shall have and may
3258 exercise such powers of the authority as are set forth in the resolution
3259 of the authority prescribing the purposes for which such subsidiary is
3260 formed and such other powers provided to it by law.

3309 transfer to any such subsidiary any moneys and real or personal
3310 property. Each such subsidiary shall have all the privileges,
3311 immunities, tax exemptions and other exemptions of the authority.

3312 (2) Each such subsidiary may sue and shall be subject to suit
3313 provided the liability of each such subsidiary shall be limited solely to
3314 the assets, revenues and resources of such subsidiary and without
3315 recourse to the general funds, revenues, resources or any other assets
3316 of the authority or any other subsidiary. No such subsidiary may
3317 provide for any bonded indebtedness of the state for the cost of any
3318 liability or contingent liability for the remediation of contaminated real
3319 property unless such indebtedness is specifically authorized by an act
3320 of the General Assembly. Each such subsidiary shall have the power to
3321 do all acts and things necessary or convenient to carry out the

3339 or loans, from any department, agency or quasi-public agency of the
3340 United States or this state; (B) enter into agreements with persons upon

3355 or to such subsidiary to the extent permitted under sections 61 to 68,
3356 inclusive, of this act to fund and refund the same and provide for the
3357 rights of the holders thereof, and to secure the same by pledge of
3358 revenues, notes or other assets and which shall be payable solely from
3359 the assets, revenues and other resources of such subsidiary; (F) to

3803 default, including the right to appoint a trustee to represent their
3804 interests upon occurrence of any event of default, as defined in any

3814 bonds or bond anticipation notes more marketable, and which are in
3815 the best interests of the municipality. Any provisions which may be

3821 they were expressly included therein. Any pledge made by the
3822 municipality shall be valid and binding from the time when the pledge
3823 is made, and any revenues or other receipts, funds or moneys so

3834 within or without the municipality. Such trust indenture may contain

3835 such provisions for protecting and enforcing the rights and remedies
3836 of the bond owners and note owners as may be reasonable and proper
3837 and not in violation of law, including covenants setting forth the duties
3838 of the municipality in relation to the exercise of its powers pursuant to
3839 this section and the custody, safeguarding and application of all
3840 moneys. The municipality may provide by such trust indenture for the
3841 payment of the pledged revenues or other receipts, funds or moneys to
3842 the trustee under such trust indenture or to any other depository, and
3843 for the method of disbursement thereof, with such safeguards and
3844 restrictions as it may determine. All expenses incurred in carrying out
3845 such trust indenture may be treated as project costs. Such bonds shall
3846 not be included in computing the aggregate indebtedness of the
3847 municipality, provided, if such bonds are made payable, in whole or in
3848 part, from funds contracted to be advanced by the municipality, the
3849 aggregate amount of such funds not yet appropriated to such purpose
3850 shall be included in computing the aggregate indebtedness of the

5704 for applications and awards depending upon the number of applicants
5705 and the availability of funding.

5706 (3) A grant awarded pursuant to this section shall not exceed four

5711 such applicant shall return any money received pursuant to this
5712 subsection, to the brownfield remediation and development account
5713 established pursuant to subsection (l) of this section, minus twenty per

5727 municipal lien on the property.

5728 (7) Any eligible grant recipients that provide a loan pursuant to
5729 subdivision (6) of this subsection shall require the loan recipient to
5730 enter a voluntary program pursuant to section 22a-133x or 22a-133y
5731 with the Commissioner of Environmental Protection for brownfield
5732 remediation. The [commissioner] executive director may use not more
5733 than five per cent of eligible grant or loan proceeds for reasonable

5734 administrative expenses.

5735 (8) Notwithstanding section 22a-134a, the eligible grant recipient
5736 may acquire and convey its interest in the property without such
5737 recipient or the subsequent purchaser incurring liability, including any
5738 such liability incurred pursuant to section 22a-134a, provided the
5739 property was remediated pursuant to section 22a-133x or 22a-133y or
5740 pursuant to an order issued by the Commissioner of Environmental
5741 Protection and such remediation was performed in accordance with
5742 the standards adopted pursuant to section 22a-133k as determined by
5743 said commissioner or, if authorized by said commissioner, verified by
5744 a licensed environmental professional unless such verification has
5745 been rejected by said commissioner subsequent to an audit conducted

5747 direct or related liability for the site conditions.

5748 (f) (1) The **[**Department of Economic and Community Development**]**
5749 authority shall develop a targeted brownfield development loan
5750 program to provide financial assistance in the form of low-interest
5751 loans to eligible applicants who are potential brownfield purchasers
5752 who have no direct or related liability for the site conditions and
5753 eligible applicants who are existing property owners who (A) are
5754 currently in good standing and otherwise compliant with the
5755 Department of Environmental Protection's regulatory programs, (B)
5756 demonstrate an inability to fund the investigation and cleanup
5757 themselves, and (C) cannot retain or expand jobs due to the costs
5758 associated with the investigating and remediating of the
5759 contamination.

5760 (2) The **[**commissioner**]** executive director shall provide low-interest
5761 loans to eligible applicants who are purchasers or existing property
5762 owners pursuant to this section who seek to develop property for
5763 purposes of retaining or expanding jobs in the state or for developing
5764 housing to serve the needs of first-time home buyers. Loans shall be

5769 support, contribution to the community's tax base, number of jobs,
5770 past experience of the applicant, compliance history and ability to pay.

5771 (3) Any loan recipient who is a brownfields purchaser and who (A)
5772 receives a loan in excess of thirty thousand dollars, or (B) uses loan
5773 proceeds to perform a Phase II environmental investigation, shall be
5774 subject to section 22a-134a or shall enter a voluntary program for
5775 remediation of the property with the Department of Environmental
5776 Protection. Any loan recipient who is an existing property owner shall
5777 enter a voluntary program with the Department of Environmental
5778 Protection.

5779 (4) Loans made pursuant to this subsection shall have such terms
5780 and conditions and shall be subject to such eligibility, loan approval
5781 and criteria, as determined by the [commissioner] executive director.
5782 Such conditions shall include, but not be limited to, performance
5783 requirements and commitments to maintain or retain jobs. Loan
5784 repayment shall coincide with the restoration of the site to a
5785 productive use or the completion of the expansion. Such loans shall be
5786 for a period not to exceed twenty years.

5787 (5) If the property is sold before loan repayment, the loan is payable
5788 upon closing, with interest, unless the [commissioner] executive
5789 director agrees otherwise. The [commissioner] executive director may
5790 carry the loan forward as an encumbrance to the purchaser with the
5791 same terms and conditions as the original loan.

5792 (6) Loans made pursuant to this subsection may be used for any
5793 purpose, including the present or past costs of investigation,
5794 assessment, remediation, abatement, hazardous materials or waste
5795 disposal, long-term groundwater or natural attenuation monitoring,
5796 costs associated with an environmental land use restriction, attorneys'
5797 fees, planning, engineering and environmental consulting costs, and
5798 building and structural issues, including demolition, asbestos

5799 abatement, polychlorinated biphenyls removal, contaminated wood or
5800 paint removal, and other infrastructure remedial activities.

5801 (7) For any loan made pursuant to this subsection that is greater
5802 than fifty thousand dollars, the applicant shall submit a redevelopment
5803 plan that describes how the property will be used or reused for
5804 commercial, industrial or mixed-use development and how it will
5805 result in jobs and private investment in the community. For any
5806 residential development loan pursuant to this subsection, the
5807 developer shall agree that the development will provide the housing
5808 needs reasonable and appropriate for first-time home buyers or recent
5809 college graduates looking to remain in this state.

5810 (8) The loan program established pursuant to this subsection shall
5811 be available to all qualified new and existing property owners.
5812 Recipients who use loans for commercial, industrial or mixed-use
5813 development shall agree to retain or add jobs, during the term of the
5814 loan, unless otherwise agreed to by the **[**Department of Economic and
5815 Community Development, the Connecticut Development Authority**]**
5816 Connecticut Economic Development Authority and the Connecticut
5817 Brownfield Redevelopment Authority. The residential developer shall
5818 agree to retire the loan upon sale of the units unless the development
5819 will be apartments.

5820 (9) Each loan recipient pursuant to this subsection may be eligible
5821 for up to two million dollars per year for up to two years, subject to
5822 agency underwriting and reasonable and customary requirements to
5823 assure performance. If additional funds are needed, the
5824 **[**Commissioner of Economic and Community Development**]** executive
5825 director may recommend that the project be funded through the State
5826 Bond Commission.

5827 (g) The **[**Commissioner of Economic and Community Development**]**
5828 executive director shall approve applications submitted in accordance
5829 with subsection (c) of this section before awarding any financial
5830 assistance to an eligible applicant or purchasing any participation

5831 interest in a loan made by the [Connecticut Development Authority]
5832 Connecticut Economic Development Authority for the benefit of an
5833 eligible applicant. Notwithstanding any other provision of this section,
5834 if the applicant's request for financial assistance involves the
5835 [department] authority purchasing a participation interest in a loan
5836 made by the [Connecticut Development Authority] authority, such
5837 authority may submit such application and other information as is
5838 required of eligible applicants under subsection (c) of this section on
5839 behalf of such eligible applicant and no further application shall be
5840 required of such eligible applicant. No financial assistance shall exceed
5841 fifty per cent of the total project cost, provided in the case of (1)
5842 planning or site evaluation projects, and (2) financial assistance to any
5843 project in a targeted investment community, such assistance shall not
5844 exceed ninety per cent of the project cost. Upon approval of the
5845 [commissioner] executive director, a nonstate share of the total project
5846 cost, if any, may be satisfied entirely or partially from noncash
5847 contributions, including contributions of real property, from private
5848 sources or, to the extent permitted by federal law, from moneys
5849 received by the municipality under any federal grant program.

5850 (h) Financial assistance may be made available for (1) site
5851 investigation and assessment, (2) planning and engineering, including,
5852 but not limited to, the reasonable cost of environmental consultants,
5853 laboratory analysis, investigatory and remedial contractors, architects,
5854 attorneys' fees, feasibility studies, appraisals, market studies and
5855 related activities, (3) the acquisition of real property, provided
5856 financial assistance for such acquisition shall not exceed fair market
5857 value as appraised as if clean, (4) the construction of site and
5858 infrastructure improvements related to the site remediation, (5)
5859 demolition, asbestos abatement, hazardous waste removal, PCB
5860 removal and related infrastructure remedial activities, (6) remediation,
5861 groundwater monitoring, including, but not limited to, natural
5862 attenuation groundwater monitoring and costs associated with filing
5863 an environmental land use restriction, (7) environmental insurance,
5864 and (8) other reasonable expenses the [commissioner] executive

5865 director determines are necessary or appropriate for the initiation,
5866 implementation and completion of the project. The [department]
5867 authority may purchase participation interests in loans made by the
5868 [Connecticut Development Authority] Connecticut Economic
5869 Development Authority for the foregoing purposes.

5870 (i) The [commissioner] executive director may establish the terms
5871 and conditions of any financial assistance provided pursuant to
5872 subsections (a) to (k), inclusive, of this section. The [commissioner]
5873 executive director may make any stipulation in connection with an
5874 offer of financial assistance the [commissioner] executive director
5875 deems necessary to implement the policies and purposes of such
5876 sections, including, but not limited to the following: (1) Providing
5877 assurances that the eligible applicant will discharge its obligations in
5878 connection with the project; and (2) requiring that the eligible
5879 applicant provide the [department] authority with appropriate
5880 security for such financial assistance, including, but not limited to, a
5881 letter of credit, a lien on real property or a security interest in goods,
5882 equipment, inventory or other property of any kind.

5883 (j) The [commissioner] executive director may use any available
5884 funds for financial assistance under the provisions of subsections (a) to
5885 (k), inclusive, of this section.

5886 (k) Whenever funds are used pursuant to subsections (a) to (k),
5887 inclusive, of this section for purposes of environmental assessments or
5888 remediation of a brownfield, the Commissioner of Environmental
5889 Protection may seek reimbursement of the costs and expenses incurred
5890 by requesting the Attorney General to bring a civil action to recover
5891 such costs and expenses from any party responsible for such pollution
5892 provided no such action shall be brought separately from any action to
5893 recover costs and expenses incurred by the Commissioner of
5894 Environmental Protection in pursuing action to contain, remove or
5895 mitigate any pollution on such site. The costs and expenses recovered
5896 may include, but shall not be limited to, (1) the actual cost of
5897 identifying, evaluating, planning for and undertaking the remediation

5898 of the site; (2) any administrative costs not exceeding ten per cent of
5899 the actual costs; (3) the costs of recovering the reimbursement; and (4)
5900 interest on the actual costs at a rate of ten per cent a year from the date
5901 such expenses were paid. The defendant in any civil action brought
5902 pursuant to this subsection shall have no cause of action or claim for
5903 contribution against any person with whom the Commissioner of
5904 Environmental Protection has entered into a covenant not to sue
5905 pursuant to sections 22a-133aa and 22a-133bb with respect to pollution
5906 on or emanating from the property that is the subject of said civil
5907 action. Funds recovered pursuant to this section shall be deposited in
5908 the brownfield remediation and development account established
5909 pursuant to subsections (l) to (o), inclusive, of this section. The
5910 provisions of this subsection shall be in addition to any other remedies
5911 provided by law.

5912 (l) There is established a separate nonlapsing account within the
5913 General Fund to be known as the "brownfield remediation and
5914 development account". There shall be deposited in the account: (1) The
5915 proceeds of bonds issued by the state for deposit into said account and
5916 used in accordance with this section; (2) repayments of assistance
5917 provided pursuant to subsection (c) of section 22a-133u; (3) interest or
5918 other income earned on the investment of moneys in the account; (4)
5919 funds recovered pursuant to subsection (i) of this section; and (5) all
5920 funds required by law to be deposited in the account. Repayment of
5921 principal and interest on loans made pursuant to subsections (a) to (k),
5922 inclusive, of this section shall be credited to such account and shall
5923 become part of the assets of the account. Any balance remaining in
5924 such account at the end of any fiscal year shall be carried forward in
5925 the account for the fiscal year next succeeding.

5926 (m) All moneys received in consideration of financial assistance,
5927 including payments of principal and interest on any loans, shall be
5928 credited to the account. At the discretion of the **[**Commissioner of
5929 Economic and Community Development**]** executive director and
5930 subject to the approval of the Secretary of the Office of Policy and
5931 Management, any federal, private or other moneys received by the

5932 state in connection with projects undertaken pursuant to subsections
5933 (a) to (k), inclusive, of this section shall be credited to the assets of the
5934 account.

5935 (n) Notwithstanding any provision of **[**law**]** the general statutes,
5936 proceeds from the sale of bonds available pursuant to subdivision (1)
5937 of subsection (b) of section 4-66c may, with the approval of the
5938 Governor and the State Bond Commission, be used to capitalize the
5939 brownfield remediation and development account created by
5940 subsections (l) to (o), inclusive, of this section.

5941 (o) The **[**commissioner**]** executive director may, with the approval of
5942 the Secretary of the Office of Policy and Management, provide
5943 financial assistance pursuant to subsections (a) to (k), inclusive, of this
5944 section from the account established under subsection (l) to (o),
5945 inclusive, of this section.

5955 incurred in carrying out the provisions of this section, to the extent not
5956 paid by the authority or from moneys appropriated to the department,

5963 rules and **[**regulations**]** procedures of the **[**department**]** authority, and,

5964 if made to a small contractor, under the terms and conditions
5965 established by the authority or the duly appointed committee thereof

6604 enter a voluntary program pursuant to section 22a-133x or 22a-133y
6605 with the Commissioner of Environmental Protection for brownfield

6608 administrative expenses.

6609 (8) Notwithstanding section 22a-134a, the eligible grant recipient
6610 may acquire and convey its interest in the property without such
6611 recipient or the subsequent purchaser incurring liability, including any

6622 (f) (1) The **[**Department of Economic and Community Development**]**
6623 authority shall develop a targeted brownfield development loan
6624 program to provide financial assistance in the form of low-interest
6625 loans to eligible applicants who are potential brownfield purchasers
6626 who have no direct or related liability for the site conditions and
6627 eligible applicants who are existing property owners who (A) are
6628 currently in good standing and otherwise compliant with the
6629 Department of Environmental Protection's regulatory programs, (B)
6630 demonstrate an inability to fund the investigation and cleanup
6631 themselves, and (C) cannot retain or expand jobs due to the costs
6632 associated with the investigating and remediating of the
6633 contamination.

6634 (2) The **[**commissioner**]** executive director shall provide low-interest
6635 loans to eligible applicants who are purchasers or existing property
6636 owners pursuant to this section who seek to develop property for
6637 purposes of retaining or expanding jobs in the state or for developing

6644 past experience of the applicant, compliance history and ability to pay.

6645 (3) Any loan recipient who is a brownfields purchaser and who (A)
6646 receives a loan in excess of thirty thousand dollars, or (B) uses loan
6647 proceeds to perform a Phase II environmental investigation, shall be
6648 subject to section 22a-134a or shall enter a voluntary program for
6649 remediation of the property with the Department of Environmental
6650 Protection. Any loan recipient who is an existing property owner shall
6651 enter a voluntary program with the Department of Environmental
6652 Protection.

6653 (4) Loans made pursuant to this subsection shall have such terms
6654 and conditions and shall be subject to such eligibility, loan approval
6655 and criteria, as determined by the [commissioner] executive director.
6656 Such conditions shall include, but not be limited to, performance
6657 requirements and commitments to maintain or retain jobs. Loan
6658 repayment shall coincide with the restoration of the site to a
6659 productive use or the completion of the expansion. Such loans shall be
6660 for a period not to exceed twenty years.

6661 (5) If the property is sold before loan repayment, the loan is payable
6662 upon closing, with interest, unless the [commissioner] executive
6663 director agrees otherwise. The [commissioner] executive director may
6664 carry the loan forward as an encumbrance to the purchaser with the
6665 same terms and conditions as the original loan.

6666 (6) Loans made pursuant to this subsection may be used for any
6667 purpose, including the present or past costs of investigation,
6668 assessment, remediation, abatement, hazardous materials or waste
6669 disposal, long-term groundwater or natural attenuation monitoring,
6670 costs associated with an environmental land use restriction, attorneys'

6672 building and structural issues, including demolition, asbestos

6673 abatement, polychlorinated biphenyls removal, contaminated wood or
6674 paint removal, and other infrastructure remedial activities.

6675 (7) For any loan made pursuant to this subsection that is greater
6676 than fifty thousand dollars, the applicant shall submit a redevelopment
6677 plan that describes how the property will be used or reused for
6678 commercial, industrial or mixed-use development and how it will
6679 result in jobs and private investment in the community. For any
6680 residential development loan pursuant to this subsection, the
6681 developer shall agree that the development will provide the housing
6682 needs reasonable and appropriate for first-time home buyers or recent
6683 college graduates looking to remain in this state.

6684 (8) The loan program established pursuant to this subsection shall
6685 be available to all qualified new and existing property owners.
6686 Recipients who use loans for commercial, industrial or mixed-use
6687 development shall agree to retain or add jobs, during the term of the
6688 loan, unless otherwise agreed to by the **[**Department of Economic and
6689 Community Development, the Connecticut Development Authority**]**
6690 Connecticut Economic Development Authority and the Connecticut
6691 Brownfield Redevelopment Authority. The residential developer shall
6692 agree to retire the loan upon sale of the units unless the development
6693 will be apartments.

6695 for up to two million dollars per year for up to two years, subject to
6696 agency underwriting and reasonable and customary requirements to

6703 with subsection (c) of this section before awarding any financial
6704 assistance to an eligible applicant or purchasing any participation

6705 interest in a loan made by the [Connecticut Development Authority]
6706 Connecticut Economic Development Authority for the benefit of an
6707 eligible applicant. Notwithstanding any other provision of this section,
6708 if the applicant's request for financial assistance involves the
6709 [department] authority purchasing a participation interest in a loan
6710 made by the [Connecticut Development Authority] authority, such
6711 authority may submit such application and other information as is
6712 required of eligible applicants under subsection (c) of this section on
6713 behalf of such eligible applicant and no further application shall be

6720 cost, if any, may be satisfied entirely or partially from noncash
6721 contributions, including contributions of real property, from private
6722 sources or, to the extent permitted by federal law, from moneys

6727 laboratory analysis, investigatory and remedial contractors, architects,
6728 attorneys' fees, feasibility studies, appraisals, market studies and
6729 related activities, (3) the acquisition of real property, provided
6730 financial assistance for such acquisition shall not exceed fair market
6731 value as appraised as if clean, (4) the construction of site and

6737 an environmental land use restriction, (7) environmental insurance,
6738 and (8) other reasonable expenses the [commissioner] executive

6739 director determines are necessary or appropriate for the initiation,
6740 implementation and completion of the project. The [department]
6741 authority may purchase participation interests in loans made by the
6742 [Connecticut Development Authority] Connecticut Economic
6743 Development Authority for the foregoing purposes.

6744 (i) The [commissioner] executive director may establish the terms
6745 and conditions of any financial assistance provided pursuant to
6746 subsections (a) to (k), inclusive, of this section. The [commissioner]
6747 executive director may make any stipulation in connection with an
6748 offer of financial assistance the [commissioner] executive director
6749 deems necessary to implement the policies and purposes of such
6750 sections, including, but not limited to the following: (1) Providing
6751 assurances that the eligible applicant will discharge its obligations in
6752 connection with the project; and (2) requiring that the eligible
6753 applicant provide the [department] authority with appropriate
6754 security for such financial assistance, including, but not limited to, a
6755 letter of credit, a lien on real property or a security interest in goods,
6756 equipment, inventory or other property of any kind.

6757 (j) The [commissioner] executive director may use any available
6758 funds for financial assistance under the provisions of subsections (a) to
6759 (k), inclusive, of this section.

6760 (k) Whenever funds are used pursuant to subsections (a) to (k),
6761 inclusive, of this section for purposes of environmental assessments or
6762 remediation of a brownfield, the Commissioner of Environmental
6763 Protection may seek reimbursement of the costs and expenses incurred
6764 by requesting the Attorney General to bring a civil action to recover
6765 such costs and expenses from any party responsible for such pollution
6766 provided no such action shall be brought separately from any action to
6767 recover costs and expenses incurred by the Commissioner of
6768 Environmental Protection in pursuing action to contain, remove or
6769 mitigate any pollution on such site. The costs and expenses recovered
6770 may include, but shall not be limited to, (1) the actual cost of
6771 identifying, evaluating, planning for and undertaking the remediation

6772 of the site; (2) any administrative costs not exceeding ten per cent of
6773 the actual costs; (3) the costs of recovering the reimbursement; and (4)
6774 interest on the actual costs at a rate of ten per cent a year from the date
6775 such expenses were paid. The defendant in any civil action brought
6776 pursuant to this subsection shall have no cause of action or claim for
6777 contribution against any person with whom the Commissioner of
6778 Environmental Protection has entered into a covenant not to sue
6779 pursuant to sections 22a-133aa and 22a-133bb with respect to pollution
6780 on or emanating from the property that is the subject of said civil
6781 action. Funds recovered pursuant to this section shall be deposited in
6782 the brownfield remediation and development account established
6783 pursuant to subsections (l) to (o), inclusive, of this section. The
6784 provisions of this subsection shall be in addition to any other remedies
6785 provided by law.

6786 (l) There is established a separate nonlapsing account within the
6787 General Fund to be known as the "brownfield remediation and
6788 development account". There shall be deposited in the account: (1) The

6790 used in accordance with this section; (2) repayments of assistance
6791 provided pursuant to subsection (c) of section 22a-133u; (3) interest or
6792 other income earned on the investment of moneys in the account; (4)
6793 funds recovered pursuant to subsection (i) of this section; and (5) all
6794 funds required by law to be deposited in the account. Repayment of
6795 principal and interest on loans made pursuant to subsections (a) to (k),
6796 inclusive, of this section shall be credited to such account and shall
6797 become part of the assets of the account. Any balance remaining in
6798 such account at the end of any fiscal year shall be carried forward in
6799 the account for the fiscal year next succeeding.

6800 (m) All moneys received in consideration of financial assistance,
6801 including payments of principal and interest on any loans, shall be
6802 credited to the account. At the discretion of the **[**Commissioner of
6803 Economic and Community Development**]** executive director and
6804 subject to the approval of the Secretary of the Office of Policy and
6805 Management, any federal, private or other moneys received by the

6806 state in connection with projects undertaken pursuant to subsections
6807 (a) to (k), inclusive, of this section shall be credited to the assets of the
6808 account.

6809 (n) Notwithstanding any provision of **[**law**]** the general statutes,
6810 proceeds from the sale of bonds available pursuant to subdivision (1)
6811 of subsection (b) of section 4-66c, as amended by this act, may, with the
6812 approval of the Governor and the State Bond Commission, be used to

10278 assessment year, however, any facility for which an eligibility
10279 certificate has been issued ceases to qualify as a manufacturing facility,
10280 manufacturing plant or a service facility, the entitlement to the
10281 exemption allowed by this subdivision shall terminate for the

10290 a form prescribed by the Secretary of the Office of Policy and
10291 Management. Failure to file such application in this manner and form
10292 within the time limit prescribed shall constitute a waiver of the right to
10293 such exemption for such assessment year, unless an extension of time
10294 is allowed pursuant to section 12-81k, and upon payment of the
10295 required fee for late filing;

10296 (60) (a) (1) Machinery and equipment which represents an addition
10297 to the assessment or grand list of the municipality in which this
10298 exemption is claimed and is installed in any manufacturing facility, as

10303 eligibility certificate has been issued by the **[**Department of Economic
10304 and Community Development**]** Connecticut Economic Development

10311 after July 1, 1978, in a distressed municipality, targeted investment
10312 community or enterprise zone designated pursuant to section 32-70
10313 and for which an eligibility certificate has been issued by the
10314 **[**Department of Economic and Community Development**]** Connecticut
10315 Economic Development Authority, and (3) machinery and equipment
10316 acquired and installed on or after October 1, 1986, in a manufacturing
10317 facility that is or has at one time been certified as eligible for the
10318 exemption under this subparagraph in accordance with section 32-9r,

10319 and which continues to be used for manufacturing purposes, provided
10320 such machinery and equipment is installed in conjunction with an
10321 expansion program that satisfies the requirements for a manufacturing
10322 facility, as defined in section 32-9p, and is contiguous to and represents
10323 an increase in square feet of floor space of not less than fifty per cent of
10324 the floor space in the certified manufacturing facility, as follows: To the
10325 extent of eighty per cent of its valuation for purposes of assessment in
10326 each of the five full assessment years for which the manufacturing
10327 facility in which it is installed qualifies for an exemption under
10328 subdivision (59) of this section, except that a facility having a code
10329 classification 2833 or 2834 in the Standard Industrial Code

10333 shall be eligible to have the assessment period under this subdivision
10334 extended for five additional years upon approval of the
10335 **[**commissioner**]** executive director, provided the **[**commissioner**]**
10336 executive director approves an extension of the assessment period
10337 under subdivision (59) of this section for said facility;

10338 Sec. 218. Subdivisions (59) and (60) of section 12-81 of the general
10339 statutes, as amended by sections 2 and 3 of public act 10-98, are
10340 repealed and the following is substituted in lieu thereof (*Effective*

10413 certificates and such other factors as it deems relevant. In the case of a
10414 manufacturing facility, manufacturing plant or a service facility which
10415 consists of a constructed, renovated or expanded portion of an existing

10654 of this subdivision, and (vi) the tax period or periods for which such
10655 lien is claimed. If more than one agency of the state perfects such a
10656 notice of lien on the same day, the priority of such liens shall be
10657 determined by the time of day such liens were perfected, and if
10658 perfected at the same time, the lien for the highest amount shall have
10659 priority. In addition to the other remedies provided in this subdivision,

12240 factors by the Commissioner of Agriculture, he shall obtain and review
12241 one or more fee appraisals of the property selected in order to

12256 to such land. The commissioner may purchase development rights for
12257 a lesser amount provided he complies with all factors for acquisition
12258 specified in this subsection and in any implementing regulations. In

14779 age and older.

14780 (b) Not later than January 1, 2012, the commissioner shall report to
14781 the joint standing committees of the General Assembly having

14791 Sec. 336. Section 16a-4d of the general statutes is repealed and the
14792 following is substituted in lieu thereof (*Effective from passage*):

14793 (a) If, in the exercise of the Secretary of the Office of Policy and
14794 Management's powers pursuant to this title, the secretary finds that the
14795 use of a certain technology, product or process would promote energy
14796 conservation, energy efficiency or renewable energy technology, the
14797 secretary **[**may**]** shall direct a state agency to test such technology,
14798 product or process by using it in the operations of such agency on a
14799 trial basis. The purpose of such test program shall be to validate the
14800 effectiveness of such technology, product or process in reducing
14801 energy usage and costs or reducing dependence on fossil fuels or green
14802 house gas emissions. No agency shall undertake such testing of any
14803 technology, product or process unless the business manufacturing or
14804 marketing the technology, product or process demonstrates that (1) the
14805 use of such technology, product or process by the state agency will not
14806 adversely affect safety, (2) a certified independent third party or
14807 accredited laboratory has found that the technology, product or
14808 process reduces energy consumption and cost, and (3) the technology,
14809 product or process is presently available for commercial sale and
14810 distribution or has potential for commercialization not later than two
14811 years following the completion of any test program by a state agency
14812 pursuant to this section.

14813 (b) If the secretary finds that using such technology, product or
14814 process would be feasible in the operations of a state agency and
14815 would not have any detrimental effect on such operations, the
14816 secretary, notwithstanding the requirements of chapter 58, **[**may**]** shall
14817 direct a state agency to accept delivery of such technology, product or
14818 process and to undertake such a test program. Any costs associated
14819 with the acquisition and use of such technology, product or process by
14820 the testing agency for the test period shall be borne by the
14821 manufacturer, the marketer or any investor or participant in such

14822 business. The acquisition of any technology, product or process for
14823 purposes of the test program established pursuant to this subsection or
14824 subsection (a) of this section shall not be deemed to be a purchase
14825 under the provisions of state procurement law. The manufacturer, the
14826 marketer or any investor or participant in such business shall maintain
14827 records related to such test program, as required by the secretary. All
14828 proprietary information derived from such test program shall be
14829 exempt from the provisions of subsection (a) of section 1-210.

14830 (c) If the secretary determines that the test program sufficiently
14831 demonstrates that the technology, product or process reduces energy
14832 usage and costs or reduces dependence on fossil fuels or green house
14833 gas emissions, the testing agency **[**may**]** shall request that the
14834 Commissioner of Administrative Services (1) procure such technology
14835 for use by **[**any or**]** all appropriate state agencies, and (2) make such
14836 procurement pursuant to subsection (b) of section 4a-58.

14837 Sec. 337. (NEW) (*Effective July 1, 2011*) Not later than July 1, 2012, the
14838 Secretary of the Office of Policy and Management and the
14839 Commissioner of Public Works shall establish a pilot program under
14840 which the state selects an existing state facility or complex of facilities
14841 to be covered by an energy performance contract with a private
14842 vendor. The secretary and commissioner shall submit reports on the
14843 results of the program to the joint standing committee of the General
14844 Assembly having cognizance of matters relating to government
14845 administration and to the Governor in accordance with section 11-4a of
14846 the general statutes. Such reports shall be submitted not later than
14847 three months after the effective date of the contract and annually
14848 thereafter until the final report is submitted not later than three
14849 months after the termination of the contract.

14850 Sec. 338. (NEW) (*Effective July 1, 2011*) The Secretary of the Office of
14851 Policy and Management shall achieve (1) for the fiscal year ending
14852 June 30, 2012, a ten per cent reduction in energy costs for the agencies
14853 in the executive branch from such costs for such agencies for the fiscal
14854 year ending June 30, 2010, and (2) for the fiscal year ending June 30,

14855 2023, a thirty per cent reduction in such costs for such agencies from
14856 such costs for such agencies for the fiscal year ending June 30, 2010.
14857 Such percentage reductions in costs may be achieved as a bottom-line
14858 number spread across all such agencies. The secretary may employ any
14859 method to reduce such energy costs, including, but not limited to, (A)
14860 training in facility management in a certification program that
14861 provides the knowledge to increase the energy efficiency of a building,
14862 (B) using the Renewable Energy Investment fund created under
14863 section 16-245n of the general statutes, (C) using any energy efficiency
14864 fund that results from a partnership of the state's public utilities, (D)
14865 entering into an energy performance contract under section 305 of this
14866 act, and (E) participation in the program under section 16a-4d of the
14867 general statutes, as amended by this act. The secretary shall report, not
14868 later than July 1, 2012, and annually thereafter, until the final report is
14869 filed on or before July 1, 2023, on the energy costs reduction achieved
14870 under this section, in accordance with the provisions of section 11-4a of
14871 the general statutes, to the joint standing committee of the General
14872 Assembly having cognizance of matters relating to government
14873 administration and to the Governor.

14881 implementation rather than lengthy planning, (4) seeks to reduce the
14882 complexity of the process, and (5) uses metrics and visual controls to
14883 improve decision making and problem solving.

14884 (b) There is established the Lean Government Steering Committee to
14885 develop a plan to implement lean techniques in state agencies. The

14897 designee, shall serve as the chairperson of the committee. Such
14898 chairperson shall schedule the first meeting of the committee, which
14899 shall be held not later than thirty days after the effective date of this
14900 section.

14901 (e) The Connecticut Center for Advanced Technology shall assist
14902 said committee to develop a plan for the implementation of lean
14903 techniques in state agencies, including, but not limited to, which
14904 agencies should implement lean techniques first, which processes
14905 should be made more efficient, a method for such implementation and
14906 the goals of such implementation.

14907 (f) Not later than sixty days after the effective date of this section,
14908 the committee shall submit a report on its findings and
14909 recommendations to the Governor, the speaker of the House of

14915 effective date of this section, the Commissioner of Social Services shall
14916 apply for a Medicaid waiver, pursuant to Section 1915(c) of the Social
14917 Security Act, in order to provide home and community-based services
14918 for elderly and disabled persons receiving benefits under the Medicaid
14919 program. The commissioner shall take such action as is necessary to
14920 consolidate all Medicaid waivers under which home and community-

14930 entities designated as a single point of entry agency pursuant to
14931 subsection (b) of this section, and (2) promote consumer choice of long-

14962 and standards for the operation of agencies designated as single point
14963 of entry agencies. Said directors shall implement a quality assurance
14964 program to measure the performance of such designated agencies. Any
14965 designated entity that fails to meet the requirements and standards in
14966 subsection (c) of this section, or any additional criteria or quality
14967 assurance measures established under this subsection may be subject
