Dear Mesdames and Messrs.:

Pursuant to C.G.S. Section 3-37(b), please find attached the monthly report for November 2013, which provides certain information regarding the State's cash position and bonding.

The report for November 2013 shows good overall cash balances, which reflect improvements that began last December as a result of revenues exceeding projections and effective expenditure management.

Thus far this fiscal year, total available cash has averaged a robust $2.0 billion, and the common cash pool -- which covers operating expenses -- has averaged approximately $720 million. No transfers between bond proceeds investment accounts and the common cash pool have been necessary since April 2013.

I did not renew the standby line of credit that expired on December 14, 2013 due to the strength of the State's current and projected cash positions. The line of credit, while a useful contingency, was never drawn upon and no bank fees were paid.

As always, I will keep you updated on developments with our cash flow. In the meantime, should you have any questions, please feel free to call on me.

Sincerely,

Denise L. Nappier
State Treasurer
