February 15, 2013

Appropriations Committee Testimony
Legislative Office Building, Room 2102
Hartford, CT 06106-1591

To Whom it May Concern:

I Muriel Wilson writing this letter in regards to the S.T.R.I.V.E. program. I am currently enrolled in the program and believed it should continue to be funded. The program offers me stability, encouragement and it enhances my job search ability tremendously.

I want to encourage the funding because it has helped me and has pushed me in the right direction. It would be a tremendous void in the community if the program was eliminated. Please keep the program in operation not only for me but the rest of the people that want to come.

Sincerely Yours,
Muriel Wilson
