My NAME is Derek Ouillette I support the Fatherhood program put on by the Madonna Place in Norwich CT. I Also support the Family Empowerment program. I am a Fire Fighter and this program helps me with my son on so many levels. If the State stops the Funding my Biggest fear is the Fathers of Eastern CT. will have no place to turn in their time of Need. Fathers get the short end of the stick So much this group has changed the feeling of that in Norwich CT. Please keep the Funding For Fatherhood initiative so we can be better fathers to our children.

Thank you for your time in this matter
