2-15-13

Appropiations Committee Testimony
Legislative Office Building, Room 2702
Hartford, CT 06106-1591

To whom it may concern:

I belive the Strive program should remain funded. I am currently enrolled in Strive program in Bridgeport and this program has help me in many ways. From teaching us how to dress for interview to giving us the confidence we need to strive in the job we are going for and goals we have yet to accomplished. This program I recommend for many seeking for jobs and if it does not remain funded many more people that are in need of job placement will loose a great opportunity. Hopefully it remain funded.

Respectfully,

M Concepcion
