2/15/13

Appropriations Committee Testimony
Legislative Office Building, Room 2702
Hartford, CT. 06106-1591

To Whom It May Concern:

I believe STRIVE Connecticut should remain funded because it is a program that prepares, develops encourages, build up and make ready any person to go into the job market and be successful.

I am currently enrolled in STRIVE Bridgeport since January 28, 2013, I have benefitted from STRIVE so far, in job readiness, knowing my skills, interaction between those in class and employers. Self assessment of my progress. I have one more week until graduation...

Sincerely,

Gisele Harris
