Appropriations Committee Testimony
Legislative Office Building, Room 2103
Hartford, CT 06106-1591

To whom it may concern:

I believe Strive Correctional should remain funded because Strive has helped with me focus on having a better attitude, Strive has helped me realize that the key to helping yourself (as well as others) starts on the inside. What you put into anything you do is what you're going to get out of it. Strive has taught me to always put 100% into any and everything I do.

Sincerely,

Kenneth W. Ng
