My name is Joan Sherwood and I am from Oakdale, CT. I have been a consumer of the Disabilities Network of Eastern CT for 2 years. I have a disability with my knees, and have lost ability to climb stairs. I am unable to walk without a cane. DNEC assisted in helping me pay for installing a ramp. Without this type of service, it would have been quite a hardship for me.

Thanks to DNEC, my quality of life has changed for the better, with easier access to and from my home.

Sincerely,

Joan Sherwood
