Thank you for the opportunity to speak to you all today. I appreciate the fact that language in this bill to eliminate the public hearing process was removed. That's progress. Although, if truth be known, it would be fine with my wife if I never spoke in public about all this third party stuff.

As chairman of Middletown's Independent Party, it is my first and foremost duty to advocate for the will of ~~my~~ the membership. In this bill, I see ~~more~~ almost as much harm done to their rights ~~of~~ to associate as is done by my party's state leadership in Bethel, who provide them no vote whatsoever in anything.

Here is what you could do to make yourself useful to ~~myself~~ me and my fellow party members:

A) Throw this bill away.

B) Pass a bill guaranteeing members of all parties, not just yours, a vote in their respective nomination processes.

C) Pass a bill providing for a run-off in the event what you are doing in this bill gets Ralph Nader so stressed out he decides to run for Governor.

Sincerely,

John Killian
Middletown Independent Party Chairman.
