Dear Senator Doyle,

I am Aleksander Kocaqi from Rocky Hill, CT and I ask that you please support raising the minimum wage. Not everyone is a CEO or NFL player. There are some of us that work at Fast-Food Restaurants. Many families in CT are struggling because they make $8.25 an hour, roughly $16,00 yearly after taxes, working eight hour days. By raising minimum wage by just $.50 you really can make changes that will revitalize community's and the economy. I am going to enter the real world soon and get a job of my own in a month or two, and making more of my own money would allow me to have a bright head start to the future.

Please consider my thoughts on raising the minimum wage.

Sincerely,

Aleksander Kocaqi
