1-15-13

Dear
Senator Doyle,

In these rough economic times, it is difficult to stay afloat.
With so many people unemployed, I am concerned for the next generation.

The minimum wage has not risen in 5 years and we have the highest cost of living.

Too many families can't make ends meet in our state.

Please support raising the minimum wage. Hopefully many people will benefit by it. Thank you

Sincerely
Kathleen Dubay
