Senator Meyer,

As the cost of living increases, so should our wages. Eight other states have raised their minimum wages in 2013, and it is not fair that Connecticut families are stuck playing catch-up. Its time for our government to start working working for us and not themselves.

Senator, Please work for us, not your own interests, by raising the minimum wage. Thanks

Ben Haberman

35 Shorelands Dr
Madison Ct 06843

PS I would appreciate a written response.
