and members of the finance Committee,

I am Thomas Miceli, a 7th grade student at Saint Timothy's middle school. I am writing in support of SB 24, but I would first like to thank you for supporting Catholic schools and for funding our transportation and nurses. I know many people who can't have a ride to school and depend on their bus to take them to school and back. And for help when they have a medical problem. Both of these help protect our students but in the wake many school tradeties, security needs to be taken into effect. Thank you again for supporting Catholic schools.

Sincerly,
Thomas Miceli

Thank you for your continued support of catholic schools. The funding for transportation and nursing has helped the schools run smoothly. Dear Senator Fontana, representative Widlitz and members of the Finance Committee

My name is John Cashman and I am in 6th grade at St. Timothy Middle School. I am writing to support project SB 29. My school is very thankful that you fund our Busses and school nurse. It would be hard for our tudents to get to school without th buses and our nurse helps us stay healthy.

I believe funding for our security system would be helpful to our school in many ways. Thinking back to the tragedy at Sandy Hook Elementry School in Newtown, I feel that our school should be safe and secure so that students can feel safe. Parents should know that their children are safe and they don't have to worry about someone harming them. Also, if someone knows that the security at a school is amazing, they will not try to go in and harm the students

The money that Catholic schools would use for better security could be used for useful school supplies such as computers, schoolbooks, sports uniforms and tecnology. The money could also go twards food and improvements to their building, such as being able to build a cafeteria or auditorium. These are just some of the many reasons that we should have the Government fund for Catholic school's security system.

Thank you for your time Have a good day.

Sincerely,
John Cashman

Dear Senator Fonfara, Representative Widlitz, and members of the Financial Committee,

My name is Meghan O'Shea, and I'm a student at St. Timothy Middle School. Thank you, all of you, for the support you continually give to Catholic schools. We appreciate that the state funds for our buses and nurses more than you can imagine, but we'd also appreciate it if you could consider the importance of security in all schools. There is very good security in public schools, but I personally think it's important for there to be very good security in every school. This is a very important matter for me, because my younger brother is coming to St. Timothy's next year. I want him, and every other child, to be as safe as they can while they learn. Thank you again for supporting Catholic schools, and for supporting Senate Bill 29. I hope my letter got you thinking about the importance of the safety of Connecticut children.

Dear Senator Fonfara, Representative Widlitz, and members of the Finance Committee,

As a 7th grader at St. Timothy Middle School, I am very grateful for all the support that is given and continues to be given to Catholic schools. I'm Mia Seymour and I want to gain your support for SB 29. Nursing and buses are necessary for the harmony of our school. When you feel sick, you aren't going to be able to focus, therefore medicine and care is needed. Without buses, a lot of kids wouldn't be able to come to St. Tims, and the tuition would be amped because our school would have to pay. Along with this, it is also important and fair that all schools have security and are safe. Everyday in the news you hear about shootings, and we all felt the tradgedy and fear from Sandy Hook. Now is scarier than ever, and it is so vital for kids to feel safe and sound in school. I'm very appreciative that you took time out of your busy schedule to read this, and thank you again for all you do!

Sincerely,
Mia

Dear Senator Fontana, Represenative Widlitz, and members of the Finance Comitee,

Thank you for your support for Catholic Schools across the state of Connecticut. My name is Michael Nolan and I attend St. Timothy Middle School of West Hartford. I cannot thank you enough for the Transportation and Nursing you offer to my school because it is essential knowing I can come to school and go home without any difficulties. Not only that, but having a school nurse is important as well because they help cure injuries that happen at recess and call home to your parents if you're sick. But, it is also important to keep schools safe. The Sandy Hook shooting was the worst one there was to date and I am hoping something this horrific will never occur again. Again, I want to thank you for supporting SB 29, and your funding keeps benefitting our lives everyday.

Sincerely,

Michael Nolan

Dear Senator Fonfara, Representative Widlitz, and members of the Finance Committee,

My name is Charles Geller, and I am a student at Saint Timothy Middle School. I am writing to testify in support of SB 29. First, I would like to thank you for providing our school with buses and a nurse. Without the buses, it would be hard for me to get to school, and the nurses help us feel better when we are sick. Likewise, it is vitally important that we, a Catholic school, should have the same degree of security that public schools have. Thank you for everything you do, but just remember that all children, no matter what school they choose to attend, feel like they are in a safe and secure environment every day.

Sincerely,
