To whom it may concern: 2/27/15

Please do not cut the funding for the family school connection program thru the Madonna Place. They offer a lot of support for families in need of services and help with family bonding. They offer a feeling of safety and security by providing someone to talk to when the family has an issue. I know that I wouldn't have been able to get some of the things in my life figured out/accomplished without the help, understanding, resources, and connections my worker provided. I know that there are other families that would really benefit from this program - even more so than maybe I have. Please, keep this program going and give other families the opportunities they may not have without it.

Thanks,

Shannon Whitehead
