2498 (a) When an employee organization has been designated, in
2499 accordance with the provisions of sections 5-270 to 5-280, inclusive, as
2500 the exclusive representative of employees in an appropriate unit, the
2501 employer shall be represented in collective bargaining with such
2502 employee organization in the following manner: (1) In the case of an
2503 executive branch employer, including the Division of Criminal Justice,
2504 by the chief executive officer whether elected or appointed, or his
2505 designated representative; who shall maintain a close liaison with the
2506 legislature relative to the negotiations and the potential fiscal
2507 ramifications of any proposed settlement; (2) in the case of a judicial
2508 branch employer, by the Chief Court Administrator or his designated
2509 representative; and (3) in the case of each segment of the system of
2510 higher education, the faculty and professional employees shall
2511 negotiate with their own board of trustees or its designated
2512 representative.

2513 (b) (1) Any agreement reached by the negotiators shall be reduced
2514 to writing. The agreement, together with a request for funds necessary

2515 to fully implement such agreement and for approval of any provisions
2516 of the agreement which are in conflict with any statute or any
2517 regulation of any state agency, and any arbitration award, issued in
2518 accordance with section 5-276a, together with a statement setting forth
2519 the amount of funds necessary to implement such award, shall be filed
2520 by the bargaining representative of the employer with the clerks of the
2521 House of Representatives and the Senate within ten days after the date
2522 on which such agreement is reached or such award is distributed. The
2523 General Assembly may approve any such agreement as a whole by a
2524 majority vote of each house or may reject such agreement as a whole
2525 by a majority vote of either house. The General Assembly may reject
2526 any such award as a whole by a two-thirds vote of either house if it
2527 determines that there are insufficient funds for full implementation of
2528 the award.

2529 (2) (A) If an agreement is rejected, the matter shall be returned to the
2530 parties, who shall initiate arbitration in accordance with the provisions
2531 of section 5-276a. The parties may submit any award issued pursuant
2532 to such arbitration to the General Assembly for approval in the same
2533 manner as the rejected agreement. If the arbitration award is rejected
2534 by the General Assembly, the matter shall be returned again to the
2535 parties for further arbitration. Any award issued pursuant to such
2536 further arbitration shall be deemed approved by the General
2537 Assembly.

2538 (B) If an arbitration award, other than an award issued pursuant to
2539 subparagraph (A) of this subdivision, is rejected, the matter shall be
2540 returned to the parties for further arbitration. Any award issued
2541 pursuant to such further arbitration shall be deemed approved by the
2542 General Assembly.

2543 (3) Once approved by the General Assembly, any provision of an
2544 agreement or award need not be resubmitted by the parties to such
2545 agreement or award as part of a future contract approval process
2546 unless changes in the language of such provision are negotiated by
2547 such parties. Any supplemental understanding reached between such

2548 parties containing provisions which would supersede any provision of
2549 the general statutes or any regulation of any state agency or would
2550 require additional state funding shall be submitted to the General
2551 Assembly for approval in the same manner as agreements and awards.
2552 If the General Assembly is in session, it shall vote to approve or reject
2553 such agreement or award within thirty days after the date of filing. If
2554 the General Assembly is not in session when such agreement or award
2555 is filed, it shall be submitted to the General Assembly within ten days
2556 of the first day of the next regular session or special session called for
2557 such purpose. The agreement or award shall be deemed rejected if the
2558 General Assembly fails to vote to approve or reject such agreement or
2559 award within thirty days after such filing or submission. The thirty-
2560 day period shall not begin or expire unless the General Assembly is in
2561 regular session. For the purpose of this subsection, any agreement or
2562 award filed with the clerks within thirty days before the
2563 commencement of a regular session of the General Assembly shall be
2564 deemed to be filed on the first day of such session.

2565 (4) Each house of the General Assembly shall permit not more than
2566 six hours of total time for debate of a resolution to approve or reject an
2567 agreement or award filed with the clerks of the House of
2568 Representatives and the Senate pursuant to this subsection. Those
2569 speaking in favor of such resolution shall be allocated not more than
2570 three hours of total time for debate, and those speaking in opposition
2571 to such resolution shall be allocated not more than three hours of total
2572 time for debate. A vote shall be taken on the resolution upon the
2573 conclusion of the debate.

2574 (5) Notwithstanding the provisions of subdivision (4) of this
2575 subsection, if the debate on such resolution occurs during the last three
2576 days of the thirty-day period, each house of the General Assembly
2577 shall permit not more than four hours of total time for debate of such
2578 resolution. Those speaking in favor of such resolution shall be
2579 allocated not more than two hours of total time for debate and those
2580 speaking in opposition to such resolution shall be allocated not more
2581 than two hours of total time for debate. A vote shall be taken on the

2582 resolution upon the conclusion of the debate.

2583 (c) Notwithstanding any provision of any general statute or special
2584 act to the contrary, the legislature shall appropriate whatever funds are
2585 required to comply with a collective bargaining agreement,
2586 supplemental understanding or arbitration award, provided the
2587 request called for in subsection (b) of this section has been approved
2588 by the legislature.

2589 (d) No provision of any general statute or special act shall prevent
2590 negotiations between an employer and an employee organization
2591 which has been designated as the exclusive representative of
2592 employees in an appropriate unit, from continuing after the final date
2593 for setting the state budget. An agreement between an employer and
2594 an employee organization shall be valid and in force under its terms
2595 when entered into in accordance with the provisions of this chapter
2596 and signed by the chief executive officer or administrator as a
2597 ministerial act. Such terms may make any such agreement effective on
2598 a date prior to the date on which the agreement is entered. No
2599 publication thereof shall be required to make it effective. The
2600 procedure for the making of an agreement between the employer and
2601 an employee organization provided by sections 5-270 to 5-280,
2602 inclusive, shall be the exclusive method for making a valid agreement
2603 for employees represented by an employee organization, and any
2604 provisions in any general statute or special act to the contrary shall not
2605 apply to such an agreement.

2606 (e) Where there is a conflict between any agreement or arbitration
2607 award approved in accordance with the provisions of sections 5-270 to
2608 5-280, inclusive, on matters appropriate to collective bargaining, as
2609 defined in said sections, and any general statute or special act, or
2610 regulations adopted by any state agency, the terms of such agreement
2611 or arbitration award shall prevail; provided if participation of any
2612 employees in a retirement system is **[**effected**]** <u>affected</u> by such
2613 agreement or arbitration award <u>negotiated or issued prior to July 1,</u>
2614 <u>2027</u>, the effective date of participation in said system,

2615 notwithstanding any contrary provision in such agreement or
2616 arbitration award, shall be the first day of the third month following
2617 the month in which a certified copy of such agreement or arbitration
2618 award is received by the Retirement Commission or such later date as
2619 may be specified in the agreement or arbitration award.

2620 (f) (1) Notwithstanding any other provision of this chapter,
2621 collective bargaining negotiations concerning changes to the state
2622 employees retirement system to be effective on and after July 1, 1988,
2623 but prior to July 1, 2027, and collective bargaining negotiations
2624 concerning health and welfare benefits to be effective on and after July
2625 1, 1994, but prior to July 1, 2027, shall be conducted between the
2626 employer and a coalition committee which represents all state
2627 employees who are members of any designated employee
2628 organization. (2) The provisions of subdivision (1) of this subsection
2629 shall not be construed to prevent the employer and any designated
2630 employee organization from bargaining directly with each other on
2631 matters related to the state employees retirement system and health
2632 and welfare benefits whenever the parties jointly agree that such
2633 matters are unique to the particular bargaining unit. (3) The provisions
2634 of subdivision (1) of this subsection shall not be construed to prevent
2635 the employer and representatives of employee organizations from
2636 dealing with any state-wide issue using the procedure established in
2637 said subdivision.

2638 (g) (1) Nonmandatory subjects of bargaining shall not be subject to
2639 the impasse procedures of section 5-276a. In the case of higher
2640 education teaching faculty, the arbitrator shall not make a decision
2641 involving academic policy unless it affects the wages, hours or
2642 conditions of employment of such faculty. Any arbitration award
2643 issued on such matters shall be unenforceable. (2) Unless mutually
2644 agreed to by the parties, the impasse procedures of section 5-276a shall
2645 not be invoked during the pendency before the State Board of Labor
2646 Relations of any scope of bargaining question arising from the parties'
2647 negotiations. Any such question shall take precedence over all other
2648 matters pending before said board.

2649 Sec. 113. (*Effective from passage*) (a) Not later than July 1, 2018, the
2650 Office of Legislative Management shall issue a request for proposals to
2651 hire an independent consultant that specializes in state retirement
2652 programs, employee health and other benefits programs and employee
2653 compensation to analyze the ratified 2017 SEBAC agreement, dated June
2654 25, 2017, between the state and the State Employees Bargaining Agent
2655 Coalition, approved pursuant to subsection (f) of section 5-278 of the
2656 general statutes. Such analysis shall include, but shall not be limited to,
2657 such matters as: (1) The competitiveness of state workers' wages and
2658 benefits compared to competitor states and to private sector wages and
2659 benefits; (2) the relative equity of benefits and terms among the tiers of
2660 the state employees retirement system; (3) the potential for disruptive
2661 effects from policies enacted in said agreement; (4) the impacts of job
2662 protection policies; and (5) options for exempting quasi-public entities
2663 from state employee collective bargaining requirements in light of the
2664 unique nature and operation of such entities.

2665 (b) Not later than February 1, 2019, such consultant shall submit a

2669 having cognizance of matters relating to appropriations and the
2670 budgets of state agencies. The report shall include any
2671 recommendations for (1) policy revisions concerning the matters
2672 analyzed, and (2) legislation necessary to implement such revisions.

2673 Sec. 114. Subdivision (9) of subsection (d) of section 7-473c of the
2674 2018 supplement to the general statutes is repealed and the following
2675 is substituted in lieu thereof (*Effective July 1, 2018*):

2676 (9) In arriving at a decision, the arbitration panel shall give priority
2677 to the public interest and the financial capability of the municipal
2678 employer, including consideration of other demands on the financial
2679 capability of the municipal employer. There shall be an irrebuttable
2680 presumption that <u>a municipal employer's budget reserve equal to</u>
2681 fifteen per cent <u>or less</u> of the municipal employer's <u>operating</u> budget

2682 **[**reserve**]** is not available for payment of the cost of any item subject to
2683 arbitration under this chapter. The panel shall further consider the
2684 following factors in light of such financial capability: (A) The
2685 negotiations between the parties prior to arbitration; (B) the interests
2686 and welfare of the employee group; (C) changes in the cost of living;
2687 (D) the existing conditions of employment of the employee group and
2688 those of similar groups; and (E) the wages, salaries, fringe benefits, and
2689 other conditions of employment prevailing in the labor market,
2690 including developments in private sector wages and benefits.

2691 Sec. 115. Subdivision (4) of subsection (c) of section 10-153f of the
2692 general statutes is repealed and the following is substituted in lieu
2693 thereof (*Effective July 1, 2018*):

2694 (4) After hearing all the issues, the arbitrators or the single arbitrator
2695 shall, within twenty days, render a decision in writing, signed by a
2696 majority of the arbitrators or the single arbitrator, which states in detail
2697 the nature of the decision and the disposition of the issues by the
2698 arbitrators or the single arbitrator. The written decision shall include a
2699 narrative explaining the evaluation by the arbitrators or the single
2700 arbitrator of the evidence presented for each item upon which a
2701 decision was rendered by the arbitrators or the single arbitrator and
2702 shall state with particularity the basis for the decision as to each
2703 disputed issue and the manner in which the factors enumerated in this
2704 subdivision were considered in arriving at such decision, including,
2705 where applicable, the specific similar groups and conditions of
2706 employment presented for comparison and accepted by the arbitrators
2707 or the single arbitrator and the reason for such acceptance. The
2708 arbitrators or the single arbitrator shall file one copy of the decision
2709 with the commissioner, each town clerk in the school district involved,
2710 the legislative body or bodies of the town or towns for the school
2711 district involved, or, in the case of a town for which the legislative
2712 body of the town is a town meeting or representative town meeting, to
2713 the board of selectmen, and the board of education and organization
2714 which are parties to the dispute. The decision of the arbitrators or the
2715 single arbitrator shall be final and binding upon the parties to the

dispute unless a rejection is filed in accordance with subdivision (7) of this subsection. The decision of the arbitrators or the single arbitrator shall incorporate those items of agreement the parties have reached prior to its issuance. At any time prior to the issuance of a decision by the arbitrators or the single arbitrator, the parties may jointly file with the arbitrators or the single arbitrator, any stipulations setting forth contract provisions which both parties agree to accept. In arriving at a decision, the arbitrators or the single arbitrator shall give priority to the public interest and the financial capability of the town or towns in the school district, including consideration of other demands on the financial capability of the town or towns in the school district. In assessing the financial capability of the town or towns, there shall be an irrebuttable presumption that a budget reserve **[**of five**]** equal to fifteen per cent or less of the operating budget of any town in the school district is not available for payment of the cost of any item subject to arbitration under this chapter. The arbitrators or the single arbitrator shall further consider, in light of such financial capability, the following factors: (A) The negotiations between the parties prior to arbitration, including the offers and the range of discussion of the issues; (B) the interests and welfare of the employee group; (C) changes in the cost of living averaged over the preceding three years; (D) the existing conditions of employment of the employee group and those of similar groups; and (E) the salaries, fringe benefits, and other conditions of employment prevailing in the state labor market, including the terms of recent contract settlements or awards in collective bargaining for other municipal employee organizations and developments in private sector wages and benefits. The parties shall submit to the arbitrators or the single arbitrator their respective positions on each individual issue in dispute between them in the form of a last best offer. The arbitrators or the single arbitrator shall resolve separately each individual disputed issue by accepting the last best offer thereon of either of the parties, and shall incorporate in a decision each such accepted individual last best offer and an explanation of how the total cost of all offers accepted was considered. The award of the arbitrators or the single arbitrator shall not be subject to rejection

2751 by referendum. The parties shall each pay the fee of the arbitrator
2752 selected by or for them and share equally the fee of the third arbitrator
2753 or the single arbitrator and all other costs incidental to the arbitration.

2754 Sec. 116. (NEW) (*Effective July 1, 2018*) On and after July 1, 2018, any
2755 municipal employee affected by a service sharing agreement between
2756 one or more municipalities shall be represented by a coalition
2757 committee or new bargaining unit representing similarly situated
2758 employees in any proceeding concerning such agreement and its
2759 impact on such employee.

2760 Sec. 117. (*Effective from passage*) (a) There is established a panel to

2784 contribution plans. All appointments to the panel shall be made not
2785 later than thirty days after the effective date of this section. Any
2786 vacancy shall be filled by the appointing authority.

2787 (e) The speaker of the House of Representatives and the president
2788 pro tempore of the Senate shall jointly select a cochairperson of the
2789 panel from among the members of the panel. The minority leader of
2790 the House of Representatives and the Republican president pro
2791 tempore of the Senate shall jointly select a cochairperson of the panel
2792 from among the members of the panel. Such cochairpersons shall
2793 schedule the first meeting of the task force, which shall be held not
2794 later than sixty days after the effective date of this section.

2795 (f) The administrative staff of the joint standing committee of the
2796 General Assembly having cognizance of matters relating to
2797 appropriations shall serve as administrative staff of the panel.

2799 results of the study in accordance with the provisions of section 11-4a
2800 of the general statutes to the joint standing committee of the General
2801 Assembly having cognizance of matters relating to appropriations and
2802 the budgets of state agencies. Such report may include

2816 the general statutes, shall be distributed in said fiscal year to those
2817 towns whose districts received students during the fiscal year ending
2818 June 30, 2018, who were displaced by Hurricane Maria. Such
2819 distribution shall be on a per-student basis determined by the highest
2820 number of displaced students enrolled in each such district in any
2821 week during the fiscal year ending June 30, 2018.

2835 (b) The Secretary of the Office of Policy and Management shall
2836 allocate available funds for the fiscal year ending June 30, 2019, to
2837 provide a one per cent cost-of-living adjustment to employees who
2838 provide state-administered human services. The secretary may reduce
2839 rates for any private provider of human services that receives such
2840 funds to provide such cost-of-living adjustment to employees but fails
2841 to provide such adjustment.

2842 Sec. 121. Section 4-30a of the 2018 supplement to the general statutes

is repealed and the following is substituted in lieu thereof (*Effective May 15, 2018*):

(a) (1) All revenue in excess of three billion one hundred fifty million dollars received by the state each fiscal year from estimated and final payments of the personal income tax imposed under chapter 229 shall be transferred by the Treasurer to a special fund to be known as the Budget Reserve Fund. On and after July 1, 2018, the threshold amount shall be adjusted annually by the compound annual growth rate of personal income in the state over the preceding five calendar years, using data reported by United States Bureau of Economic Analysis.

(2) The General Assembly may amend the threshold amount of three billion one hundred fifty million dollars, by vote of at least three-fifths of the members of each house of the General Assembly, due to changes in state or federal tax law or policy or significant adjustments to economic growth or tax collections.

(b) After the accounts for the General Fund have been closed for each fiscal year and the Comptroller has determined the amount of unappropriated surplus in said fund, after any amounts required by provision of law to be transferred for other purposes have been deducted, the amount of such surplus shall be transferred by the Treasurer to the Budget Reserve Fund.

(c) (1) (A) Whenever the amount in the Budget Reserve Fund equals fifteen per cent of the net General Fund appropriations for the current fiscal year, no further transfers shall be made by the Treasurer to the Budget Reserve Fund and the amount of such funds in excess of that transferred to said fund shall be deemed to be appropriated, as selected by the Treasurer in the best interests of the state, to (i) the State Employees Retirement Fund, in addition to the contributions required pursuant to section 5-156a, but not exceeding five per cent of the unfunded past service liability of the state employees retirement system as set forth in the most recent actuarial valuation certified by

the State Employee Retirement Commission, [or] (ii) the Teachers' Retirement Fund, in addition to the payments required pursuant to section 10-183z, but not exceeding five per cent of the unfunded past service liability of the teachers' retirement system as set forth in the most recent actuarial valuation prepared for the Teachers' Retirement Board, (iii) the State of Connecticut Other Post-Employment Benefits Program, not exceeding five per cent of the unfunded past service liability of the program as set forth in the most recent actuarial valuation certified by the State Employee Retirement Commission, or (iv) the teachers' retirement system retiree health insurance plan, not exceeding five per cent of the unfunded past service liability of the plan as set forth in the most recent actuarial valuation prepared for the Teachers' Retirement Board.

(B) Any surplus in excess of the amounts transferred to the Budget Reserve Fund and the state employees retirement system, [or] the teachers' retirement system, the State of Connecticut Other Post-Employment Benefits Program or the teachers' retirement system retiree health insurance plan, as applicable, shall be deemed to be appropriated for: (i) Redeeming prior to maturity any outstanding indebtedness of the state selected by the Treasurer in the best interests of the state; (ii) purchasing outstanding indebtedness of the state in the open market at such prices and on such terms and conditions as the Treasurer shall determine to be in the best interests of the state for the purpose of extinguishing or defeasing such debt; (iii) providing for the defeasance of any outstanding indebtedness of the state selected by the Treasurer in the best interests of the state by irrevocably placing with an escrow agent in trust an amount to be used solely for, and sufficient to satisfy, scheduled payments of both interest and principal on such indebtedness; (iv) making additional payments towards unfunded past service liability of the state employees retirement system, [or of] the teachers' retirement system, the State of Connecticut Other Post-Employment Benefits Program or the teachers' retirement system retiree health insurance plan, as selected by the Treasurer in the best interests of the state; [,] or (v) any combination of these methods.

Pending the use or application of such amount for the payment of interest and principal, such amount may be invested in (I) direct obligations of the United States government, including state and local government treasury securities that the United States Treasury issues specifically to provide state and local governments with required cash flows at yields that do not exceed Internal Revenue Service arbitrage limits, (II) obligations guaranteed by the United States government, and (III) securities backed by United States government obligations as collateral and for which interest and principal payments on the collateral generally flow immediately through to the security holder.

(2) **[**Whenever the amount in the Budget Reserve Fund equals five per cent or more of the net General Fund appropriations for the current fiscal year, the**]** The General Assembly may transfer funds **[**in excess of the five per cent threshold**]** from the Budget Reserve Fund **[**,**]** for the purpose of paying unfunded past service liability of the state employees retirement system, **[**or of**]** the teachers' retirement system, the State of Connecticut Other Post-Employment Benefits Program or the teachers' retirement system retiree health insurance plan, as the General Assembly **[**, in consultation with the Treasurer,**]** determines to be in the best interests of the state. Such payments shall be in addition to any other contributions or payments required pursuant to section 5-156a or 10-183z or subdivision (1) of this **[**section**]** subsection.

(d) Moneys in the Budget Reserve Fund shall be expended only as provided in this subsection and subdivision (2) of subsection (c) of this section.

(1) Whenever in any fiscal year the Comptroller has determined the amount of a deficit applicable with respect to the immediately preceding fiscal year, to the extent necessary, the amount of funds credited to the Budget Reserve Fund shall be deemed to be appropriated for purposes of funding such deficit.

(2) The General Assembly may transfer funds from the Budget Reserve Fund to the General Fund if any consensus revenue estimate

maintained or revised pursuant to section 2-36c for the current biennium projects a decline in General Fund revenues for the current biennium of one per cent or more from the total amount of General Fund estimated revenue on which the budget act or any adjusted appropriation and revenue plan, enacted by the General Assembly for the current biennium, was based. Any such transfer may be made at any time during the remainder of the current biennium.

(3) The General Assembly may transfer funds from the Budget Reserve Fund to the General Fund if the consensus revenue estimate maintained or revised not later than April thirtieth annually pursuant to section 2-36c projects a decline in General Fund revenues, in either year or both years of the biennium immediately following such consensus revenue estimate, of one per cent or more from the total of General Fund appropriations for the current year. Any such transfer shall be made in the fiscal year for which such deficit is projected.

(e) The Treasurer is authorized to invest all or any part of said fund in accordance with the provisions of section 3-31a. The interest derived from the investment of said fund shall be credited to the General Fund.

3115 section. In no event shall the total of the principal amount of special tax
3116 obligation bonds and general obligation bonds issued pursuant to the
3117 authority of any general statute or public or special act exceed the

3119 Sec. 127. Section 12-705 of the 2018 supplement to the general

3121 (*Effective from passage*):

3122 (a) **[**(1)**]** Each employer, as defined in section 12-707, maintaining an
3123 office or transacting business within this state and making payment of
3124 any wages taxable under this chapter to a resident or nonresident
3125 individual shall deduct and withhold from such wages for each
3126 payroll period a tax computed in such manner as to result, so far as
3127 practicable, in withholding from the employee's wages during each
3128 calendar year an amount substantially equivalent to the tax reasonably
3129 estimated to be due from the employee under this chapter with respect
3130 to the amount of such wages during the calendar year. The method of
3131 determining the amount to be withheld shall be prescribed by
3132 regulations of the Commissioner of Revenue Services adopted in
3133 accordance with chapter 54.

3134 **[**(2) Each payer, as defined in section 12-707, of pension or annuity
3135 distributions, including distributions from an employer pension, an
3136 annuity, a profit-sharing plan, a stock bonus, a deferred compensation
3137 plan, an individual retirement arrangement, an endowment or a life
3138 insurance contract, that (A) maintains an office or transacts business
3139 within this state, and (B) makes payment of any amounts taxable
3140 under this chapter to a resident individual, shall deduct and withhold
3141 from the taxable portion of any such distribution a tax computed in

3142 such manner as to result, so far as practicable, in withholding from the
3143 distributions paid during each calendar year an amount substantially
3144 equivalent to the tax reasonably estimated to be due from the payee, as
3145 defined in section 12-707, under this chapter with respect to such
3146 distributions during the calendar year. The method of determining the
3147 amount to be withheld shall be the same as the method used by
3148 employers with respect to the payment of wages, except that a lump
3149 sum distribution shall be taxable at the highest marginal rate unless (i)
3150 any portion of the lump sum distribution was previously subject to
3151 tax, or (ii) the lump sum distribution is a rollover that is effected as a
3152 direct trustee-to-trustee transfer. For purposes of this section, "lump
3153 sum distribution" means a payment from a payer to a resident payee of
3154 such resident payee's entire retirement account balance, exclusive of
3155 any other tax withholding and any administrative charges and fees.**]**

3156 (b) The commissioner may, if such action is deemed necessary for
3157 the protection of the revenue and under such regulations as the
3158 commissioner may adopt in accordance with the provisions of chapter
3159 54, require persons other than employers **[**and payers**]** (1) to deduct
3160 and withhold taxes from payments made by such persons to residents
3161 of this state, nonresidents and part-year residents, (2) to file a
3162 withholding return as prescribed by the commissioner, and (3) to pay
3163 over to the commissioner, or to a depositary designated by the
3164 commissioner, the taxes so required to be deducted and withheld, in
3165 accordance with a schedule established in such regulations.

3166 (c) The commissioner may adopt regulations providing for
3167 withholding from (1) remuneration for services performed by an
3168 employee for his or her employer that does not constitute wages, (2)
3169 wages paid to an employee by an employer not maintaining an office
3170 or transacting business within this state, or (3) any other type of
3171 payment with respect to which the commissioner finds that
3172 withholding would be appropriate under the provisions of this chapter
3173 if the employer and the employee, or, in the case of any other type of
3174 payment, the person making and the person receiving such payment,
3175 agree to such withholding. Such agreement shall be made in such form

and manner as the commissioner may prescribe by regulations adopted in accordance with the provisions of chapter 54. For purposes of this chapter, remuneration, wages or other payments with respect to which such an agreement is made shall be regarded as if they were wages paid to an employee by an employer maintaining an office or transacting business within this state to the extent that such remuneration or wages are paid or other payments are made during the period for which the agreement is in effect.

(d) Any resident payee who submitted, on or after October 31, 2017, and prior to the effective date of this section, a withholding certificate for pension or annuity distributions to the payer of such distributions may request that such payer not deduct and withhold tax from such distributions. Each payer that receives such request from a payee shall cease deducting and withholding tax from such payee's distributions immediately upon receipt of such request.

3945 Sec. 140. Section 12-263q of the 2018 supplement to the general
3946 statutes is repealed and the following is substituted in lieu thereof
3947 (*Effective July 1, 2018*):

3948 (a) (1) For each calendar quarter commencing on or after July 1,
3949 2017, each hospital shall pay a tax on the total net revenue received by
3950 such hospital for the provision of inpatient hospital services and
3951 outpatient hospital services.

3952 (A) On and after July 1, 2017, and prior to July 1, 2019, the rate of tax
3953 for the provision of inpatient hospital services shall be six per cent of
3954 each hospital's audited net revenue for fiscal year 2016 attributable to
3955 inpatient hospital services.

3956 (B) On and after July 1, 2017, and prior to July 1, 2019, the rate of tax
3957 for the provision of outpatient hospital services shall be nine hundred

3958 million dollars less the total tax imposed on all hospitals for the
3959 provision of inpatient hospital services, which sum shall be divided by
3960 the total audited net revenue for fiscal year 2016 attributable to
3961 outpatient hospital services, of all hospitals that are required to pay
3962 such tax.

3963 (C) On and after July 1, 2019, the rate of tax for the provision of
3964 inpatient hospital services and outpatient hospital services shall be
3965 three hundred eighty-four million dollars divided by the total audited

3967 such tax.

3968 (2) Except as provided in subdivision (3) of this subsection, each
3969 such hospital shall be required to pay the total amount due in four
3970 quarterly payments consistent with section 12-263s, with the first
3971 quarter commencing with the first day of each state fiscal year and the
3972 last quarter ending on the last day of each state fiscal year.

3974 hospital required to pay tax on inpatient hospital services or outpatient
3975 hospital services shall make an estimated tax payment on December

3977 thirty-three per cent of the tax due under chapter 211a for the period
3978 ending June 30, 2017. If a hospital was not required to pay tax under
3979 said chapter 211a on either inpatient hospital services or outpatient
3980 hospital services, such hospital shall make its estimated payment
3981 based on its unaudited net patient revenue.

3982 (B) Each hospital required to pay tax pursuant to this subdivision on
3983 inpatient hospital services or outpatient hospital services shall pay the
3984 remaining balance determined to be due in two equal payments, which
3985 shall be due on April 30, 2018, and July 31, 2018, respectively.

3986 (C) For each state fiscal year commencing on or after July 1, 2017,
3987 each hospital required to pay tax on inpatient hospital services or
3988 outpatient hospital services shall calculate the amount of tax due on
3989 forms prescribed by the commissioner by multiplying the applicable

3990 rate set forth in subdivision (1) of this subsection by its audited net
3991 revenue for fiscal year 2016. Hospitals shall make all payments
3992 required under this section in accordance with procedures established
3993 by and on forms provided by the commissioner.

3994 (D) The commissioner shall apply any payment made by a hospital
3995 in connection with the tax under chapter 211a for the period ending
3996 September 30, 2017, as a partial payment of such hospital's estimated
3997 tax payment due on December 15, 2017, under subparagraph (A) of
3998 this subdivision. The commissioner shall return to a hospital any credit
3999 claimed by such hospital in connection with the tax imposed under
4000 said chapter 211a for the period ending September 30, 2017, for
4001 assignment as provided under section 12-263s.

4002 (4) (A) Each hospital required to pay tax on inpatient hospital
4003 services or outpatient hospital services shall submit to the
4004 commissioner such information as the commissioner requires in order
4005 to calculate the audited net inpatient revenue for fiscal year 2016, the
4006 audited net outpatient revenue for fiscal year 2016 and the audited net
4007 revenue for fiscal year 2016 of all such health care providers. Such
4008 information shall be provided to the commissioner not later than
4009 January 1, 2018. The commissioner shall make additional requests for
4010 information as necessary to fully audit each hospital's net revenue.
4011 Upon completion of the commissioner's examination, the
4012 commissioner shall notify, prior to February 28, 2018, each hospital of
4013 its audited net inpatient revenue for fiscal year 2016, audited net
4014 outpatient revenue for fiscal year 2016 and audited net revenue for
4015 fiscal year 2016.

4016 (B) Any hospital that fails to provide the requested information
4017 prior to January 1, 2018, or fails to comply with a request for additional
4018 information made under this subdivision shall be subject to a penalty
4019 of one thousand dollars per day for each day the hospital fails to
4020 provide the requested information or additional information.

4021 (C) The commissioner may engage an independent auditor to assist

4022 in the performance of the commissioner's duties and responsibilities
4023 under this subdivision.

4024 (5) Net revenue derived from providing a health care item or service
4025 to a patient shall be taxed only one time under this section.

4026 (6) (A) For purposes of this section:

4027 (i) "Audited net inpatient revenue for fiscal year 2016" means the
4028 amount of revenue that the commissioner determines, in accordance
4029 with federal law, that a hospital received for the provision of inpatient
4030 hospital services during the 2016 federal fiscal year;

4031 (ii) "Audited net outpatient revenue for fiscal year 2016" means the
4032 amount of revenue that the commissioner determines, in accordance
4033 with federal law, that a hospital received for the provision of
4034 outpatient hospital services during the 2016 federal fiscal year; and

4035 (iii) "Audited net revenue for fiscal year 2016" means net revenue, as
4036 reported in each hospital's audited financial statement, less the amount
4037 of revenue that the commissioner determines, in accordance with
4038 federal law, that a hospital received from other than the provision of
4039 inpatient hospital services and outpatient hospital services. The total
4040 audited net revenue for fiscal year 2016 shall be the sum of all audited
4041 net revenue for fiscal year 2016 for all hospitals required to pay tax on
4042 inpatient hospital services and outpatient hospital services.

4043 (B) Audited net inpatient revenue and audited net outpatient
4044 revenue shall be based on information provided by each hospital
4045 required to pay tax on inpatient hospital services or outpatient hospital
4046 services.

4047 (b) (1) The Commissioner of Social Services shall seek approval from
4048 the Centers for Medicare and Medicaid Services to exempt from the
4049 net revenue tax imposed under subsection (a) of this section the
4050 following: (A) Specialty hospitals; (B) children's general hospitals; and
4051 (C) hospitals operated exclusively by the state other than a short-term

4052 acute hospital operated by the state as a receiver pursuant to chapter
4053 920. Any hospital for which the Centers for Medicare and Medicaid
4054 Services grants an exemption shall be exempt from the net revenue tax
4055 imposed under subsection (a) of this section. Any hospital for which
4056 the Centers for Medicare and Medicaid Services denies an exemption
4057 shall be deemed to be a hospital for purposes of this section and shall
4058 be required to pay the net revenue tax imposed under subsection (a) of
4059 this section on inpatient hospital services and outpatient hospital
4060 services.

4061 (2) Each hospital shall provide to the Commissioner of Social
4062 Services, upon request, such information as said commissioner may
4063 require to make any computations necessary to seek approval for
4064 exemption under this subsection.

4065 (3) As used in this subsection, (A) "specialty hospital" means a
4066 health care facility, as defined in section 19a-630, other than a facility
4067 licensed by the Department of Public Health as a short-term general
4068 hospital or a short-term children's hospital. "Specialty hospital"
4069 includes, but is not limited to, a psychiatric hospital or a chronic
4070 disease hospital, and (B) "children's general hospital" means a health
4071 care facility, as defined in section 19a-630, that is licensed by the
4072 Department of Public Health as a short-term children's hospital.
4073 "Children's general hospital" does not include a specialty hospital.

4074 (c) Prior to January 1, 2018, and every three years thereafter, the
4075 Commissioner of Social Services shall seek approval from the Centers
4076 for Medicare and Medicaid Services to exempt financially distressed
4077 hospitals from the net revenue tax imposed on outpatient hospital
4078 services. Any such hospital for which the Centers for Medicare and
4079 Medicaid Services grants an exemption shall be exempt from the net
4080 revenue tax imposed on outpatient hospital services under subsection
4081 (a) of this section. Any hospital for which the Centers for Medicare and
4082 Medicaid Services denies an exemption shall be required to pay the net
4083 revenue tax imposed on outpatient hospital services under subsection
4084 (a) of this section. For purposes of this subsection, "financially

4085 distressed hospital" means a hospital that has experienced over a five-
4086 year period an average net loss of more than five per cent of aggregate
4087 revenue. A hospital has an average net loss of more than five per cent
4088 of aggregate revenue if such a loss is reflected in the five most recent
4089 years of financial reporting that have been made available by the
4090 Office of Health Care Access for such hospital in accordance with
4091 section 19a-670 as of the effective date of the request for approval
4092 which effective date shall be July first of the year in which the request
4093 is made.

4094 (d) The commissioner shall issue guidance regarding the
4095 administration of the tax on inpatient hospital services and outpatient
4096 hospital services. Such guidance shall be issued upon completion of a
4097 study of the applicable federal law governing the administration of tax
4098 on inpatient hospital services and outpatient hospital services. The
4099 commissioner shall conduct such study in collaboration with the
4100 Commissioner of Social Services, the Secretary of the Office of Policy
4101 and Management, the Connecticut Hospital Association and the
4102 hospitals subject to the tax imposed on inpatient hospital services and
4103 outpatient hospital services.

4104 (e) (1) The commissioner shall determine, in consultation with the
4105 Commissioner of Social Services, the Secretary of the Office of Policy
4106 and Management, the Connecticut Hospital Association and the
4107 hospitals subject to the tax imposed on inpatient hospital services and
4108 outpatient hospital services, if there is any underreporting of revenue
4109 on hospitals' audited financial statements. Such consultation shall only
4110 be as authorized under section 12-15. The commissioner shall issue
4111 guidance, if necessary, to address any such underreporting.

4112 (2) If the commissioner determines, in accordance with this
4113 subsection, that a hospital underreported net revenue on its audited
4114 financial statement, the amount of underreported net revenue shall be
4115 added to the amount of net revenue reported on such hospital's
4116 audited financial statement so as to comply with federal law and the
4117 revised net revenue amount shall be used for purposes of calculating

4118 the amount of tax owed by such hospital under this section. For
4119 purposes of this subsection, "underreported net revenue" means any
4120 revenue of a hospital subject to the tax imposed under this section that
4121 is required to be included in net revenue from the provision of
4122 inpatient hospital services and net revenue from the provision of
4123 outpatient hospital services to comply with 42 CFR 433.56, as amended
4124 from time to time, 42 CFR 433.68, as amended from time to time, and
4125 Section 1903(w) of the Social Security Act, as amended from time to
4126 time, but that was not reported on such hospital's audited financial
4127 statement. Underreported net revenue shall only include revenue of
4128 the hospital subject to such tax.

4129 **[**(f) Nothing in this section shall affect the commissioner's
4130 obligations under section 12-15 regarding disclosure and inspection of
4131 returns and return information.**]**

4132 **[**(g)**]** (f) The provisions of section 17b-8 shall not apply to any
4133 exemption or exemptions sought by the Department of Social Services
4134 from the Centers for Medicare and Medicaid Services under this
4135 section.

4136 Sec. 141. Section 51-5d of the general statutes is repealed and the
4137 following is substituted in lieu thereof (*Effective July 1, 2018*):

4138 (a) The Chief Court Administrator, or a designee, on or before the

5483 amount of tax to be paid by the distributor for the account of the
5484 purchaser or consumer.

5486 due on its report within the time specified under the provisions of this
5487 section, there shall be imposed a penalty equal to ten per cent of such
5488 amount due and unpaid, or fifty dollars, whichever is greater. The tax
5489 shall bear interest at the rate of one per cent per month or fraction

5490 thereof from the due date of the tax until the date of payment.

5491 (6) If no return has been filed within three months after the time
5492 specified under the provisions of this chapter, the commissioner may
5493 make such return at any time thereafter, according to the best
5494 information obtainable and the form prescribed. There shall be added
5495 to the tax imposed upon the basis of such return an amount equal to
5496 ten per cent of such tax, or fifty dollars, whichever is greater. The tax

5499 (7) Subject to the provisions of section 12-3a, the commissioner may
5500 waive all or part of the penalties provided under this chapter when it
5501 is proven to his satisfaction that the failure to pay any tax was due to
5502 reasonable cause and was not intentional or due to neglect.

5503 (8) A distributor who is exclusively making sales of fuel on which
5504 the tax imposed by this chapter is not payable may be permitted, as
5505 specified in regulations adopted in accordance with the provisions of
5506 chapter 54, to file reports less frequently than monthly but not less
5507 frequently than annually if the commissioner determines that
5508 enforcement of this section would not be adversely affected by less
5509 frequent filings. Distributors permitted to file such reports shall
5510 maintain records that shall detail (A) the persons from whom the fuel
5511 was purchased, (B) the persons to whom, the quantities in which and
5512 the dates on which such fuel was sold, and (C) any other information

5514 (b) The commissioner shall, within three years after the due date for
5515 the filing of a return or, in the case of a completed return filed after
5516 such due date, within three years after the date of which such return
5517 was received by him, examine it and, in case any error is disclosed by
5518 such examination, shall, within thirty days after such disclosure, notify
5519 the taxpayer thereof. When it appears that any part of the deficiency
5520 for which a deficiency assessment is made is due to negligence or
5521 intentional disregard of the provisions of this chapter or regulations

promulgated thereunder, there shall be imposed a penalty equal to ten per cent of the amount of such deficiency assessment, or fifty dollars, whichever is greater. When it appears that any part of the deficiency for which a deficiency assessment is made is due to fraud or intent to evade the provisions of this chapter or regulations promulgated thereunder, there shall be imposed a penalty equal to twenty-five per cent of the amount of such deficiency assessment. No taxpayer shall be subject to more than one penalty under this subsection in relation to the same tax period. Within thirty days of the mailing of such notice, the taxpayer shall pay to the commissioner, in cash or by check, draft or money order drawn to the order of the Commissioner of Revenue Services, any additional amount of tax shown to be due by the corrected return or shall be paid by the State Treasurer, upon order of the Comptroller, any amount shown to be due such taxpayer by such corrected return. The failure of such taxpayer to receive any notice required by this section shall not relieve such taxpayer of the obligation to pay the tax or any interest or penalties thereon. When, before the expiration of the time prescribed in this section for the examination of the return or the assessment of said tax, both the commissioner and such taxpayer have consented in writing to such examination or assessment after such time, the return may be examined and said tax may be assessed at any time prior to the expiration of the period agreed upon. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon. The commissioner may also in such a case waive the statute of limitations against a claim for refund by such taxpayer. To any taxes **[**which**]** <u>that</u> are assessed under this subsection, there shall be added interest at the rate of one per cent per month or fraction thereof from the date when the original tax became due and payable.

(c) Any person who owns or operates a vehicle **[**which**]** <u>that</u> runs only upon rails or tracks **[**which**]** <u>that</u> is properly registered with the federal government, in accordance with the provisions of Section 4222 of the Internal Revenue Code of 1986, or any subsequent

5556 corresponding internal revenue code of the United States, as amended
5557 from time to time, [amended,] shall be exempt from paying to a
5558 distributor the motor fuels tax imposed pursuant to this section for use
5559 in such vehicle.

5560 Sec. 171. (NEW) (*Effective July 1, 2018*) (a) The Commissioner of
5561 Revenue Services may license the owner or operator of marine fuel
5562 docks to purchase dyed diesel fuel, as defined in subsection (d) of
5563 section 12-487 of the general statutes, that is exempt under
5564 subparagraph (O) of subdivision (3) of subsection (a) of section 12-458
5565 of the general statutes, from distributors and to sell such nontaxable
5566 fuel, provided such owner or operator can properly control such sale,
5567 through meters or pumps or other dispensing devices, directly into the
5568 fuel tank of any vessel or vessel motor. Such owner or operator shall
5569 keep and maintain proper accounting records of all purchases from the
5570 distributor and sales invoices to the purchaser, showing the signature
5571 of the purchaser and the vessel registration number of the vessel
5572 serviced, and the inventory on hand on the first day of each month.
5573 Such records shall be preserved for a period of at least three years and
5574 shall be audited by the commissioner at regular intervals. Any
5575 discrepancies found to exist for which a satisfactory explanation
5576 cannot be submitted shall be subject to the tax imposed by section 12-
5577 458 of the general statutes against such owner or operator. The license
5578 to sell dyed diesel fuel under this section may be revoked if the
5579 licensee fails to properly control and safeguard the state from any
5580 diversion to uses other than for marine purposes.

5581 (b) Each distributor of dyed diesel fuel shall, on or before the
5582 twenty-fifth of each month, render a report to the commissioner. Such
5583 report shall state the number of gallons of dyed diesel fuel sold or used
5584 by such distributor during the preceding calendar month, on forms to
5585 be furnished by the commissioner, and shall contain such additional
5586 information as the commissioner prescribes.
