DO NOT Vote for anymore gun control laws!

Oppose, Oppose, Oppose SB-16

Joint Committee on Judiciary Members,

Once again leave it up to this committee to go after the legal gun owners.

Twenty-five years of gun control laws in this state, now even more? Will this be the precedence of the state, every few years will the state decide what firearms are in common use and then decide to ban them? Now you are going after firearms that are almost thirty years old, and deciding that they are now banned? I can see now why people are fleeing this state.

DO NOT Vote for anymore gun control laws.

Thank you for your time,
