① The History of Psychiatry in North America is growing more and more and Ct should be the Best in Care of the Mentally ill.

② The advantage of Ct's many districts of mental Health is We have been in the Business of Caring for patients ~~for~~ over One Hundred years.

③ I believe everyone benefits by having a Best Available Psychiatric / Psychologic in Connecticut.

④ Somehow the economy of Ct. ~~shop~~ must find funds we need to achieve the Goal of Having The Best Available Care.

⑤ Building maintenance and renuvatio should be a Top Priority of DMHAS/DHS, the grounds and Building and Power Plant should be renuvated.

⑥ Salaries for physhiatrist/psychologist and Mental Health workers should be comparable, rehabilitation specialists, Liscenced Clinical Social workers, should also be comparable.

Respectfully,
Hopefully,
Abraham Israel
