In relation to care for each client, an obstetrics care provider can accrue the following:

Measure	*Points*	*Source*	*Details*
1. **Timely completion of online OB Notification forms:**	5	OB Notification Form	To receive points, a practice must do both of the following: Submit: • Prenatal form within 14 business days of first visit • Postnatal form submitted within 14 business days of postpartum visit
2. **First visit within 14 days of practice notification of a medically confirmed pregnancy (See Details)**	25	OB notification Form Claims if not globally billed	**Pregnancy Notification** = OB Practice confirms pregnancy **or** Member calls the office with a confirmed pregnancy
3. **A minimum of one postpartum visit within 21-56 days after delivery**	25		
4. **Full term, non-induced, vaginal delivery.**	30	OB Notification Form Claims	Points are received if delivery meets *all* of the following criteria: (1) Vaginal; (2) Full term; (3) Not induced
5. **Appropriate screening and use of 17-alpha-hydroxyprogesterone caproate:**		OB Notification Form Claims	
a. **Member screened: Did not have an indication for use**	10		
b. **Member screened: Has an indication for use and 17-P was used per ACOG guidelines**	50		
c. Member with an indication for use per ACOG guidelines, and 17-P *was not used.*			

Allocation: Divide the total pool of available funds by total points accrued over all practices. Each practice then receives their share of the pool, according to their total accrued points.
