FISCAL IMPACT STATEMENT - BILL NUMBER sHB 5144

STATE IMPACT	Minimal Cost, Minimal Revenue Gain, see explanation below
MUNICIPAL IMPACT	Potential Minimal Cost, see explanation below
STATE AGENCY(S)	Department of Liquor Control

EXPLANATION OF ESTIMATES:

STATE IMPACT: There will be some additional work for the Department of Liquor Control as a result of the passage of this bill as amended, associated with reviewing the additional documentation associated with the approval of the premises by Planning and Zoning Commissions.

It is anticipated that this responsiblity can be handled within normal budgetary resources of the Department of Liquor Control.

Currently, remonstrances could be filed by town residents upon the application for a liquor permit and renewals of liquor permits. There is no potential for an increased number of hearings that would be conducted by the department.

There will be a minimal revenue gain with constables, other than those who have law enfrocement duties and members of a Police Commission or Board of Public Safety Commission who do not have the power of arrest allowed to have permits for the sale of alcoholic liquor.

MUNICIPAL IMPACT: It is understood that Planning and Zoning Commissions are not required to approve or have public hearings on these applications. They may incur a minimal cost if they hold hearings and give approvals.

House "A" is technical in nature and has no fiscal impact.

House "B" allows constables who do not have law enforcement duties to have permits for the sale of alcoholic liquor.

Senate "A" allows members of a Police Commission or Board of Public Safety Commission who do not have the power of arrest to have permits for the sale of alcoholic liquor.

Senate "B" requires that liquor permit applicants that will provide nude or exotic dancing in their place of business, submit to the Department of Liquor Control, documentation showing local Planning and Zoning Commissions approved the location of the premises. It has a minimal cost impact.
