PLTI History

The Connecticut Commission on Children was created in 1985 by an act of the Connecticut Legislature to bring representatives from the legislative, executive and judicial branches of government together with the private sector to promote public policies in children's best interest.

In 1992, focused on prevention and capacity building, the Commission created the Parent Leadership Training Institute (PLTI) as a statewide family civics initiative. PLTI is designed to enable parents to become leading advocates for children.

The Robert Haller Memorial Award for Outstanding Community Service

This memorial award was created in 2006 to honor Bob Haller and his contributions to PLTI. Recipients are selected based on their passion, commitment and ability to humbly lead on children's issues.

The future is not a result of choices among alternative paths offered by the present, but a place that is created – created first in the mind and will, created next in activity. The future is not some place we are going to, but one we are creating. The paths are not to be found, but made, and the activity of making them, changes both the maker and the destination.

John Schaar

The Power of I

I will do more.

*I am only one, but I am one.
I cannot do everything, but I can do something.*

*What I can do, I ought to do.
And what I ought to do, I will do.*

I will do more than belong...I will participate.

I will do more than care...I will help.

I will do more than believe...I will practice.

I will do more than be fair...I will be kind.

I will do more than dream...I will work.

I will do more than learn...I will inspire.

I will do more than earn...I will enrich.

I will do more than give...I will serve.

I will do more than live...I will grow.

I will do more than talk...I will act.

*I will be more than good...
I will be good for something.*
