FISCAL IMPACT STATEMENT - BILL NUMBER sSB 62

STATE IMPACT	Revenue Gain (Transportation Fund, General Fund), see below
MUNICIPAL IMPACT	None
STATE AGENCY(S)	Department of Transportation, Department of Motor Vehicles

	Current FY	1992-93	1993-94
State Cost (STF)			
St Revenue Gain (STF)		6,456,300	
Net Revenue Gain			
Revenue Gain (GF)		1,071,000	

EXPLANATION OF ESTIMATES:

The bill as amended will result in a revenue gain to the Special Transportation Fund of $6,456,300 and $1,071,000 to the General Fund from various motor vehicle related fee increases (see attached summary).

Senate "A" effects a minimal fiscal impact as the change in the permit structure is estimated to approximate the current revenue from the overweight permit fees.

Senate "B" has no fiscal impact and only clarifies that fuel in a fuel tank of a motor vehicle which is directly connected to the engine is not subject to the petroleum product gross earnings tax.

Senate "D" is technical and has no fiscal impact beyond what is indicated on the file copy. This amendment makes several changes which conform to the intent of the Finance, Revenue and Bonding Committee when it favorably reported the bill.

Senate "E" removes the sunset provision and retains the current 18 cent per gallon tax on diesel fuel. There is a minimal fiscal impact because a projected increase in in-state purchases is expected to offset the lower rate.
