

# Help for Quick Search

Quick Search options can be displayed by clicking the drop-down arrow for the **Quick Search** field.

Select an option from the list.

In the Number field, type the appropriate number to search for the Bill (i.e., the *Bill* number or *House Calendar*, *Senate Calendar*, *File Copy*, *LCO*, *Public Act*, or *Special Act* number).

When entering bill numbers, you do not need to type the bill prefix (SB or HB).

Senate Bills are numbered from 1 to 5000.  
House Bills are numbered from 5001 to 9999.

When entering resolutions, you must type the appropriate prefix.

Resolutions are numbered from 1 and have the following prefixes.

HJ	House Joint Resolution
HR	House Resolution
SJ	Senate Joint Resolution
SR	Senate Resolution

*Examples:*

To search for House Bill 6379, type 6379 in the Number field.

To search for Senate Joint Resolution 3, type SJ3 in the Number field.

The default year to search for a bill is the current session year. To select a previous year, click the drop-down arrow for the [Year](#) field to display the list.

Click on the desired year from the list.

Press the **Enter** key or click the [GO](#)  button. To open the search in a new window, click the  button instead.

The system displays the Bill History for the selected bill. Click on the desired links to view the text of the bill or other legislative documents.
