

# CONNECTICUT WOMEN'S HEALTH CAMPAIGN

## Benefits of Connecticut Women's Health Campaign (CWHC) membership

1. Invitations to CWHC events.
2. Network with others involved in policy, advocacy and service delivery for women's health.
3. Shape initiatives affecting women's and girl's health.
4. Receive electronic newsletter and updates with resources and information about legislation, events, announcements and networking.

### Some CWHC successes include:

- Legislation to expand family planning services to low-income women.
- Insurance coverage for some infertility treatment.
- Legislation to provide gynecological services to women with disabilities.
- Legislation to require insurers to cover at least 48-hour hospital stays for childbirth, and for certain breast cancer surgery.
- State funding for breast and cervical cancer screening

If your organization would like to be a member of the Campaign, we ask that you review the Statement of Principles and certify that your organization supports these principles and goals.

-----  
 Yes, we support the Connecticut Women's Health Campaign Statement of Principles, and our organization would like to become a member.
