"An Act Minimizing Air Emissions At Power Plants."

1 Strike out everything after the enacting clause and substitute the
2 following in lieu thereof:

3 "(NEW) (a) On and after January 1, 2003, any facility located in this
4 state which (1) generates electricity, (2) was built prior to 1977, (3) has
5 a nameplate capacity greater than twenty-five megawatts, and (4)
6 generates electricity for wholesale or retail sale through the
7 combustion of fossil fuels shall comply with the following limitations
8 regarding the rate of emission of the following substances: (A) For
9 nitrogen oxides, not more than fifteen one-hundredths pounds per
10 million British thermal units of heat input, and (B) for sulfur dioxide,
11 not more than thirty one-hundredths pounds per million British
12 thermal units of heat input. Such requirements shall be met year-round
13 by such facility.

14 (b) The Commissioner of Environmental Protection shall monitor
15 such facilities and shall enforce the provisions of this section. Each
16 calendar quarter, each such facility shall submit to said commissioner

17 stack test data regarding the emissions limitations provided in
18 subsection (a) of this section."
