Explanation

This bill requires the Department of Administrative Services (DAS) to develop by October 1, 2003, and annually update, a list of publicly traded corporations that have reincorporated outside the United States. The list must be posted on the DAS website. The bill also prohibits any state agency from entering into, or renewing, a contract with any company on the DAS reincorporated list.

As DAS does not currently perform this function, the bill will result in a workload increase. It is not known at this time how many publicly traded companies may reincorporate outside the U.S. in the future. Depending on the number of reincorporated companies, DAS may require an additional position (and associated support costs) to determine which companies have reduced their federal or Connecticut tax liability, develop a reincorporated companies list, publish the list on its website, and prohibit all state agencies from entering into, or renewing, contracts with reincorporated companies.

House "A" adds that companies that reincorporated outside the U.S. in the past be included on the DAS reincorporated companies list. House "A" has no fiscal impact.
