

Substitute Senate Bill No. 1276

Public Act No. 05-181

AN ACT IMPLEMENTING THE RECOMMENDATIONS OF THE E 9-1-1 COMMISSION.

Be it enacted by the Senate and House of Representatives in General Assembly convened:

Section 1. Section 28-24 of the general statutes is repealed and the following is substituted in lieu thereof (*Effective July 1, 2005*):

(a) There is established an Office of State-Wide Emergency Telecommunications which shall be in the Division of Fire, Emergency and Building Services within the Department of Public Safety. The Office of State-Wide Emergency Telecommunications shall be responsible for developing and maintaining a state-wide emergency service telecommunications policy. In connection with said policy the office shall:

(1) Develop a state-wide emergency service telecommunications plan specifying emergency police, fire and medical service telecommunications systems needed to provide coordinated emergency service telecommunications to all state residents, including the physically disabled;

(2) Pursuant to the recommendations of the task force established by public act 95-318* to study enhanced 9-1-1 telecommunications services, and in accordance with regulations adopted by the

Substitute Senate Bill No. 1276

Commissioner of Public Safety pursuant to subsection (b) of this section, develop and administer, by July 1, 1997, an enhanced emergency 9-1-1 program, which shall provide for: (A) The replacement of existing 9-1-1 terminal equipment for each public safety answering point; (B) the subsidization of regional public safety emergency telecommunications centers, with enhanced subsidization for municipalities with a population in excess of [seventy] forty thousand; (C) the establishment of a transition grant program to encourage regionalization of public safety telecommunications centers; and (D) the establishment of a regional emergency telecommunications service credit in order to support regional dispatch services;

(3) Provide technical telecommunications assistance to state and local police, fire and emergency medical service agencies;

(4) Provide frequency coordination for such agencies;

(5) Coordinate and assist in state-wide planning for 911 and E911 systems;

(6) Review and make recommendations concerning proposed legislation affecting emergency service telecommunications; and

(7) Review and make recommendations to the General Assembly concerning emergency service telecommunications funding.

(b) The Commissioner of Public Safety shall adopt regulations, in accordance with chapter 54, establishing eligibility standards for state financial assistance to local or regional police, fire and emergency medical service agencies providing emergency service telecommunications. Not later than April 1, 1997, the commissioner shall adopt regulations, in accordance with chapter 54, in order to carry out the provisions of subdivision (2) of subsection (a) of this section.

Substitute Senate Bill No. 1276

(c) Within a time period determined by the commissioner to ensure the availability of funds for the fiscal year beginning July 1, 1997, to the regional public safety emergency telecommunications centers within the state, and not later than April first of each year thereafter, the commissioner shall determine the amount of funding needed for the development and administration of the enhanced emergency 9-1-1 program. The commissioner shall specify the expenses associated with (1) the purchase, installation and maintenance of new public safety answering point terminal equipment, (2) the implementation of the subsidy program, as described in subdivision (2) of subsection (a) of this section, (3) the implementation of the transition grant program, described in subdivision (2) of subsection (a) of this section, (4) the implementation of the regional emergency telecommunications service credit, as described in subdivision (2) of subsection (a) of this section, provided, for the fiscal year ending June 30, 2001, and each fiscal year thereafter, such credit for coordinated medical emergency direction services as provided in regulations adopted under this section shall be based upon the factor of [~~fifteen~~] thirty cents per capita and shall not be reduced each year, (5) the training of personnel, as necessary, (6) recurring expenses and future capital costs associated with the telecommunications network used to provide emergency 9-1-1 service and the public safety services data networks, (7) for the fiscal year ending June 30, 2001, and each fiscal year thereafter, the collection, maintenance and reporting of emergency medical services data, as required under subparagraphs (A) and (B) of subdivision (8) of section 19a-177, provided the amount of expenses specified under this subdivision shall not exceed two hundred fifty thousand dollars in any fiscal year, (8) for the fiscal year ending June 30, 2001, and each fiscal year thereafter, the initial training of emergency medical dispatch personnel, the provision of an emergency medical dispatch priority reference card set and emergency medical dispatch training and continuing education pursuant to subdivisions (3) and (4) of subsection (g) of section 28-25b, and (9) the administration of the

Substitute Senate Bill No. 1276

enhanced emergency 9-1-1 program by the Office of State-Wide Emergency Telecommunications, as the commissioner determines to be reasonably necessary. The commissioner shall communicate the commissioner's findings to the chairperson of the Public Utilities Control Authority not later than April first of each year.

(d) The office may apply for, receive and distribute any federal funds available for emergency service telecommunications. The office shall deposit such federal funds in the Enhanced 9-1-1 Telecommunications Fund established by section 28-30a.

(e) The office shall work in cooperation with the Department of Public Utility Control to carry out the purposes of this section.

Approved July 1, 2005
