

Substitute Senate Bill No. 1100

Public Act No. 07-182

AN ACT CONCERNING THE PURCHASE OF SUBDIVISION LOTS.

Be it enacted by the Senate and House of Representatives in General Assembly convened:

Section 1. Subsection (a) of section 8-25 of the general statutes is repealed and the following is substituted in lieu thereof (*Effective July 1, 2007*):

(a) No subdivision of land shall be made until a plan for such subdivision has been approved by the commission. Any person, firm or corporation making any subdivision of land without the approval of the commission shall be fined not more than five hundred dollars for each lot sold or offered for sale or so subdivided. Any plan for subdivision shall, upon approval, or when taken as approved by reason of the failure of the commission to act, be filed or recorded by the applicant in the office of the town clerk [within] not later than ninety days [of] after the expiration of the appeal period under section 8-8, or in the case of an appeal, [within] not later than ninety days [of] after the termination of such appeal by dismissal, withdrawal or judgment in favor of the applicant but, if it is a plan for subdivision wholly or partially within a district, it shall be filed in the offices of both the district clerk and the town clerk, and any plan not so filed or recorded within the prescribed time shall become null and void, except that the commission may extend the time for such filing for two

Substitute Senate Bill No. 1100

additional periods of ninety days and the plan shall remain valid until the expiration of such extended time. All such plans shall be delivered to the applicant for filing or recording not more than thirty days after the time for taking an appeal from the action of the commission has elapsed or not more than thirty days after the date that plans modified in accordance with the commission's approval and that comply with section 7-31 are delivered to the commission, whichever is later, and in the event of an appeal, not more than thirty days after the termination of such appeal by dismissal, withdrawal or judgment in favor of the applicant or not more than thirty days after the date that plans modified in accordance with the commission's approval and that comply with section 7-31 are delivered to the commission, whichever is later. No such plan shall be recorded or filed by the town clerk or district clerk or other officer authorized to record or file plans until its approval has been endorsed thereon by the chairman or secretary of the commission, and the filing or recording of a subdivision plan without such approval shall be void. Before exercising the powers granted in this section, the commission shall adopt regulations covering the subdivision of land. No such regulations shall become effective until after a public hearing held in accordance with the provisions of section 8-7d. Such regulations shall provide that the land to be subdivided shall be of such character that it can be used for building purposes without danger to health or the public safety, that proper provision shall be made for water, sewerage and drainage, including the upgrading of any downstream ditch, culvert or other drainage structure which, through the introduction of additional drainage due to such subdivision, becomes undersized and creates the potential for flooding on a state highway, and, in areas contiguous to brooks, rivers or other bodies of water subject to flooding, including tidal flooding, that proper provision shall be made for protective flood control measures and that the proposed streets are in harmony with existing or proposed principal thoroughfares shown in the plan of conservation and development as described in section 8-23, especially

Substitute Senate Bill No. 1100

in regard to safe intersections with such thoroughfares, and so arranged and of such width, as to provide an adequate and convenient system for present and prospective traffic needs. Such regulations shall also provide that the commission may require the provision of open spaces, parks and playgrounds when, and in places, deemed proper by the planning commission, which open spaces, parks and playgrounds shall be shown on the subdivision plan. Such regulations may, with the approval of the commission, authorize the applicant to pay a fee to the municipality or pay a fee to the municipality and transfer land to the municipality in lieu of any requirement to provide open spaces. Such payment or combination of payment and the fair market value of land transferred shall be equal to not more than ten per cent of the fair market value of the land to be subdivided prior to the approval of the subdivision. The fair market value shall be determined by an appraiser jointly selected by the commission and the applicant. A fraction of such payment the numerator of which is one and the denominator of which is the number of approved parcels in the subdivision shall be made at the time of the sale of each approved parcel of land in the subdivision and placed in a fund in accordance with the provisions of section 8-25b. The open space requirements of this section shall not apply if the transfer of all land in a subdivision of less than five parcels is to a parent, child, brother, sister, grandparent, grandchild, aunt, uncle or first cousin for no consideration, or if the subdivision is to contain affordable housing, as defined in section 8-39a, equal to twenty per cent or more of the total housing to be constructed in such subdivision. Such regulations, on and after July 1, 1985, shall provide that proper provision be made for soil erosion and sediment control pursuant to section 22a-329. Such regulations shall not impose conditions and requirements on manufactured homes having as their narrowest dimension twenty-two feet or more and built in accordance with federal manufactured home construction and safety standards or on lots containing such manufactured homes which are substantially different from conditions and requirements imposed on single-family

Substitute Senate Bill No. 1100

dwelling and lots containing single-family dwellings. Such regulations shall not impose conditions and requirements on developments to be occupied by manufactured homes having as their narrowest dimension twenty-two feet or more and built in accordance with federal manufactured home construction and safety standards which are substantially different from conditions and requirements imposed on multifamily dwellings, lots containing multifamily dwellings, cluster developments or planned unit developments. The commission may also prescribe the extent to which and the manner in which streets shall be graded and improved and public utilities and services provided and, in lieu of the completion of such work and installations previous to the final approval of a plan, the commission may accept a bond in an amount and with surety and conditions satisfactory to it securing to the municipality the actual construction, maintenance and installation of such improvements and utilities within a period specified in the bond. Such regulations may provide, in lieu of the completion of the work and installations above referred to, previous to the final approval of a plan, for an assessment or other method whereby the municipality is put in an assured position to do such work and make such installations at the expense of the owners of the property within the subdivision. Such regulations may provide that in lieu of either the completion of the work or the furnishing of a bond as provided in this section, the commission may authorize the filing of a plan with a conditional approval endorsed thereon. Such approval shall be conditioned on (1) the actual construction, maintenance and installation of any improvements or utilities prescribed by the commission, or (2) the provision of a bond as provided in this section. Upon the occurrence of either of such events, the commission shall cause a final approval to be endorsed thereon in the manner provided by this section. Any such conditional approval shall lapse five years from the date it is granted, provided the applicant may apply for and the commission may, in its discretion, grant a renewal of such conditional approval for an additional period

Substitute Senate Bill No. 1100

of five years at the end of any five-year period, except that the commission may, by regulation, provide for a shorter period of conditional approval or renewal of such approval. Any person who enters into a contract for the purchase of any lot subdivided pursuant to a conditional approval may rescind such contract by delivering a written notice of rescission to the seller not later than three days after receipt of written notice of final approval if such final approval has additional amendments or any conditions that were not included in the conditional approval and are unacceptable to the buyer. Any person, firm or corporation who, prior to such final approval, [sells or offers for sale] transfers title to any lot subdivided pursuant to a conditional approval shall be fined not more than [five hundred] one thousand dollars for each lot [sold or offered for sale] transferred. Nothing in this subsection shall be construed to authorize the marketing of any lot prior to the granting of conditional approval or renewal of such conditional approval.

Approved July 5, 2007
