Members of Human Services Committee:

RE: I Support Raised Bill  
No. 1396

I have been a parent and am currently on the Board of Directors of the Margaret Griffin Child Development Center. While my children were enrolled there I always felt a sense of "family". They were truly loved and cared for, which allowed me to work and not worry about them. This center has been in existence for over 30 years, it has served thousands of families. The teachers and staff there form permanent bonds with these families of which mine is one.

When my children started school they were well prepared and I contribute part of that to this wonderful program. I continue to serve on the Board of Directors because it is such a great program that I want to give back for the love and teaching they have given to my family.

Please support Bill No. 1396 and allow the quality of this center to continue for thousands of more families.

Very truly yours,

Luann S. Plourde
