Distinguished member of the Judiciary

Testimony in Opposition of HB 6715: Legalizing the use of Medical Marijuana

My name is Steven Steiner. My wife and I are here to speak with you regarding this very dangerous bill. We are passionate about this issue. We are parents of Steven H Steiner Jr whom passed away from a drug overdose. Over the last six years, I have testified in New Jersey, Vermont, Connecticut, Montana, South Carolina and New Mexico. If you have any questions on what is happening across the country, I will be more than happy to answer them.
