

Hello, Madam / Sir,

my name is Pauline Koniecko. I am a proud 7th grade student at John Paul II Polish Language School in New Britain.

Throughout those almost seven years at the school I have worked really hard to learn the Polish language, history, geography, traditions and culture. I would not have done this on my own, without the support of my mom and dedication of my wonderful Polish teachers.

Please, recognize our hard work and student-teacher team effort at the school.

Thank you !
