Raised Bill No. 35

Good morning Senator McDonald, Representative Lawlor, and honorable members of the Judiciary Committee:

I am testifying today in Support of raised bill 35, *An Act Concerning the Registration of Sexual Offenders*.

The Hartford Police Department (HPD) Sex Offender Registry Unit (SORU) is responsible for maintaining a central registry of persons residing in the City of Hartford who have been convicted of certain sexual offenses and are statutorily required to register with the State of Connecticut Department of Public Safety Connecticut Sex Offender Registry Unit¹. Any registered sex offender residing in the City of Hartford found to be in non-compliance and/or failure to register status is investigated by the HPD SORU and appropriate police action is taken. Additional investigative duties are, but not limited to; sex offender newly registered notification, sex offender change of address notification, sex offender release notification, and sex offender arrest warrant services.

There are approximately 5,000 registered sex offenders residing in Connecticut. Currently, there are 502 registered sex offenders residing in Hartford (10% of the entire state list). Hartford has the largest number of sex offenders residing within city limits, exceeding all other cities and towns in the state.

- There are 10 homeless, emergency or other shelters in Hartford
- There are 56 sex offenders living in the various homeless shelters
- There is at least one school within walking distance of every shelter where sex offenders reside
- Challenges arise when investigating and monitoring sex offenders residing in homeless shelters

Passage of Bill No. 35 with the amended language under Section 8 will increase the ability of law enforcement officers to conduct compliance checks and monitoring requirements of registered sex offenders residing in homeless shelters (see page 2 for Sec. 8 (b) for amended language).

Cooperation from staff authorized to work at a homeless, emergency or other shelter where registered sex offenders reside is instrumental in maintaining compliance and providing continued public safety for the neighborhoods and community.

¹ Connecticut General Statutes 54-250 through 54-261 mandate that the Connecticut Department of Public Safety establish and maintain a central registry of persons who have been convicted of certain sexual offenses and are required to register under the general statutes. The Hartford Police Department has jurisdictional responsibility for all registered sex offenders residing in the city of Hartford that meet the aforementioned mandates.
