THE VOICE OF LOCAL GOVERNMENT

TESTIMONY OF THE
CONNECTICUT CONFERENCE OF MUNICIPALITIES
TO THE
PUBLIC HEALTH COMMITTEE

March 3, 2008

The Connecticut Conference of Municipalities appreciates the opportunity to submit testimony on this important proposal before you today.

CCM supports, S.B. 461, “An Act Concerning Teenage Pregnancy Prevention Programs.”

S.B. 461, would create a “teenage pregnancy prevention grant program” through the Department of Public Health. The program would provide grants to local and regional boards of education to deliver medically accurate health education concerning teenage pregnancy prevention.

This program affords local and regional boards of education the ability to offer proper medical information to prevent teenage pregnancy.

CCM asks you to *favorably report S.B. 461*.
