

Restore Pilot to DECD Budget

**Testimony by Peggy Krouch before the Appropriations Committee
February 17, 2009**

**Hello my name is Peggy Krouch and I live at 22 Seymour Avenue in
Seymour, CT**

**The Pilot program in CT means a lot to low-income families. The loss
is going to devastate so many people. My family for instance has
recently lost \$600 worth of income a month and the increase in rent
that will occur because of the loss of the Pilot means less money for
food, bills, etc, which leaves myself and my children in a position of
less food; and no chance of paying bills - meaning my lights and water
will be in danger of shutoff.**

**The Pilot funding us a program that is essential to low income people
and to the welfare of our children. I urge you to restore it.**

Thank you

**Peggy Krouch
