Regarding Raised Bill #6666, Section 7

An act requiring School Districts to utilize Board Certified Behavior Analysts when an individual education plan includes applied behavior analytic services as part of a student's special education

To Whom It May Concern:

I am a resident of Shelton, CT and I know many parents of children with autism. I am writing today in support of Raised Bill #6666, Section 7. I support this bill because it is imperative to ensure that all children receive the proper education administered by qualified teachers or personnel. Especially in the cases of special needs children, they should receive the highest qualified personnel to ensure they will make the most of their education and live the best life possible as children and as adults.
