Subject: TESTIMONY RAISED BILL 1142 SECTION 4 & 5 OPPOSED

Please opposed the sections 4 & 5 of raised bill 1142. This is a penny-wise, but pound-foolish proposal. Our special needs children need as much services as they could get. Any new additional skills they acquire are skills they that somebody doesn't have to do for them for the rest of their lives. Similarly, parents do not have the resources to provide the proof for a due process hearing. Again, this will have the effect of limiting services, limiting education, and increasing the cost of long-term care for the child.
