Re: Elimination of Farmers Sales and Fuel Tax Exeptions

Dear Finance Committee,

My name is Carol Vullo of 167 Miller Rd., Colchester. My husband Jeff and myself are owners of Vullo Farm. We are part time farmers. We are opposed to the elimination of the farmers sales tax and fuel tax exemptions.

We are both a third generation being involved with agriculture in Connecticut. It is extremely important to us to continue this tradition. We feel eliminating the exemptions would create a financial hardship for us. With economic uncertainty, rising grain, fuel and maintenance costs, every dollar counts.

Please help to preserve Connecticut agriculture and let farmers keep the exemptions.

Sincerely,

Carol Vullo
